Dear Mr. Eager;-

After talking with Dr. Larry I came to these conclusions;

- First; I am working too hard and spending too much to permit difficulties to arise in Cumberland Gap.
- Second; Can you not first call the Executive Committee together and invite Mr. Hughes to council with you, in order to take the proper measures for a restoration of complete confidence;
- Third; Can you not then call together the citizens, especially those who feel hurt about their children. It can be arranged with them how to deal with a boy who would cut down shade trees or injure the property. Whatever you decide have Mr. and Mrs. Bowman carry out. Dr. Larry and myself will make it all right.
- Fourth; Let us understand that the Harrow School division is of equal importance with the industrial division at Grant-Lee. We are under obligation to make it so.
- Fifth; There will be no harm in preparing for a village school but the people have no building yet and I fear have not strength enough in means to go ahead by themselves as some propose.
- Sixth; Do let the Baptist brethren know that I represent them and that more Baptists friends have helped me thus far than any other Christians.
- Seventh; The trade will all come to Cumberland Gap from Harrow School, Grant-Lee and Myer's new division, whatever he calls it.
- Eighth; I have a good prospect of raising one hundred thousand dollars and perhaps two hundred thousand, over and above this I am now begging for running expenses. I cannot do it if you do not harmonize things at home and present a united front. Differences of politics and religion do not daunt me for I love you all regardless of such transitory things as politics and the mere on account of differences of religious faith, so do not let anything I have said alienate a boy or his mother. I would just as lief he would be a democrat as a republican. I feel in my soul that I can do you good, looking to God only for reward; but I cannot do it unless my pleadings for the boys and girls prove true. I have said that your Christian Endeavor work was of the finest and that the results of faithful teachers' labor had been magnificent. So it looked. Get dear Mr. and Mrs. Bowman into close relations with dissatisfied spirits and sustain them by prayer and by sympathy from the people. The Lord bless you and help you to help yourselves.

Sincerely,

O. O. Howard, Managing Director

Dear General

There will be a meeting of the Trustees of Camp Memorial Church at the West Side Bank, 8th Ave near 34th St. on Friday afternoon, 28th inst, at 4 O'clock. We would very much like to have you present at that meeting.

You know that Mr Miller's services were discontinued about a year ago. We were without a pastor until last August when Rev Albert Heyhoe and wife came with us. Since that time our work has again gone forward and God's blessing seems to accompany their labors. They have done a great deal of visiting in our neighborhood and at least a score of new

W 35

families (not jewish) have been
added to our congregation. They
have also been well received by the
jews in our midst. Altogether I
think they are very successful.
I think that at some time you
were led to believe that we
wanted to sell or thought that
we ought to sell the property etc.
That is not true. We did not
want to sell nor do we believe
that we can not do God's work
in that vicinity any more.

Souls are being saved, christian
character strengthened and built
up through our little church and
while that continues we stay.
Wishing you a Merry Christmas
and hoping you can be with
us on Friday. I am yours sincerely
H. Meyerholz

Dear General;—

I am going this a.m. to my country pkace in Penacook N.H., to get it ready for Mrs. L—in case she is ready to come and from that point I think I shall have no trouble in directing affairs at the M.O. for awhile, in fact, I think that for a short time I can do a little better at a distance. We need to see things in perspective once in awhile.

I think likely to, that I shall be able to bring our work before a new class as I did at Keene for instance. I shall this day write full instructions to the teachers at the Harrow to keep things "in statu quo" and do their best to make a school that people cannot help but appreciate. I am sure that everything will go all right at Grant-Lee where we are free from the spirit of rebellion and vandalism. You will see in Mr. Eager's letter which I have enclosed the fact that he has just suffered from an attack on his property from the hands of the son of the Methodist minister and "Tip" Richmond, brother of the one who had the Phillipine essay and nephew of the lawyer who declared that he would do his best to harm the school.

If they would start a good school in the right spirit it would be the best thing all around but they cannot succeed in the way they have started and we must not let them harm themselves. How much Grace is needed for such places in life. We will not forget its source. Please remember not to send

Dear General:—

I am doing this a.m. to my country house in Passacon-
N.H. to get it ready for Mrs. L.—in case she is ready to come and from
that point I shall have no trouble in directing affairs at the
N.H. for awhile, in fact I think that for a short time I can do a
little better at a distance. We need to see things in perspective
once in awhile.

I think likely so that I shall be able to bring out work before a new
class as I did at Keene for instance. I shall this day write full instruc-
tions to the teachers at the Barrow to keep things in order and do their
best to make a school that people cannot help but appreciate. I am sure
that everything will go all right at Grant—has where we are free from
the spirit of rebellion and vandalism. You will see in Mr. Baker's letter
which I have enclosed the fact that he has just suffered from an attack
on his property from the hands of the son of the Methodist minister and "Tip"

If they would start a good school in the right spirit it would be the
best thing all around but they cannot succeed in the way they have started and we
must not let them harm themselves. Now what I have in mind for them
is to let them have a school. Please remember not to send

money for my salary to the Gap but to my address at Penacook, N.H.
I have utterly neglected my beautiful place there since I went to the
L.M.U. to which I have given every thought and care. In the time that
it takes Mrs. L.- to get strong there I can see that it is put in good
order and perhaps get a tenant for at least a part of it. It is a house of
25 rooms, large and airy and fairly furnished. By that time perhaps
you can go to the Gap with me and carefully study the situation on the spot.

The work there is great and sadly needed. Do not be tempted to give
it up, and certainly you will never let it fall into the hands of a man who
confesses the need of treatment at a sanitarium. You can trust me to do
nothing rash but I will not yield to any spirit of lawlessness.

By the way, you have never told me how you liked the poem or whether or
not you endorsed the card "Three Helpers of Humanity". Did you see the
last Herald? Mr. Myers ordered a thousand copies of the Herald in
which should be the cut of the Arthur property over the line "Headquarters
of the School system of the L.M.U." and an article that would draw money to
his foolish schemes. I cannot, even for the sake of peace, do such mis-
leading work as that. If my decision in this is not satisfactory be sure
and let me know. I take it for granted that it is. Now one thing more and I close.
It has always troubled me that some director told you that I did not want
you to be President or something in that line. Whoever said it was a mis-
chief maker. I would like to see you in that place myself and what is more, I
have often said so. All I want is a chance to work unhampered. If you will
take the presidency and give me simply the industrial system and a free
hand to work it out I will be satisfied but "Acting" a part, I have no relish
for. Not that I do not feel able to manage the whole if I had money enough
to erect shops and buildings, but my heart is in what I am pleased to
call Practical education. The success of Grant-Lee is a promise of what
I can do in that line with but a few dollars. The family would all be
remembered to you at this season and I trust that you will see all your
desires for the good work in the "mountains"

My dear General,

Enclosed find check ^{from} Mrs. Wm. A. Station, Brookline, Mass., one of the Sunday Eve. sermons. The subscription to date has paid well thus far, and was a good stroke. Your few lines from Providence said. Glad Mrs. Lily is better. Is she in Providence? You will acknowledge Mrs. Station's gift by an autograph letter, won't you?

Enclosed find a nice letter from Mr. E. S. Bourne, which you may return to me, please. I enclose Col. C. A. Hopkins check for \$100; pledged Oct. Sun. Ev. at Harvard Church.

Gen. O. O. Howard,

Dear Sir, - Can you
give an address in the
interests of the W. C. T. U.
of Long Branch, some
Friday evening during
the latter part of Jan.
or in Feb.? The address
of course would be of
your own selection, but
the Union has desired

Your letter
of Dec 19 came duly to hand.
I also rec'd one or two letters
from Mr Blanchard giving
a little account of what you
had done in Boston. I judge
you did not get as much as I
had hoped you would but a little
is better than nothing. I saw an
account in a New York paper
giving an account of what John

year. Among the rest was \$100,000
given to Lincoln Memorial University.
I hope it is true that you rec'd

Gen. O. O. Howard,
New York;

Dear General -

Enclosed please find a very small contribution, which I send to you, to help along the Lincoln Memorial University, Cumberland Gap, Tennessee.

Since meeting you in Boston, I have read the circular pamphlet, and heartily agree with you that the object is a very worthy one and I trust the better the public becomes acquainted with the management and its object, the better it will be supported.

Very sincerely yours

My dear sir:-

Mr. Brooks had already written to me on the subject and I had promised him that I would do what is in my power to accommodate him and you. Unfortunately the date, Feb. 11, is already booked in Michigan but I have asked our Michigan agent to use every persuasion with the local committee for them to accept another date. There will be an expense incurred, as Mr. Brooks will be obliged to come from Chicago and back again to nearly that same point, but I understand that you are willing to assume this expense. Please assure me on this point as we cannot very well afford to stand it and I don't believe that Mr. Brooks would feel as though he could.

Yours very truly,

Dictated.

In connection with D. F. Snow, of the present senior class in Bowdoin college, I am compiling and shall publish in the spring a volume called "Tales of Bowdoin", containing a score or more stories of undergraduate life at our college, all new and all written by various Bowdoin alumni. Some of the stories will be founded upon fact and some upon fancy, but the scenes of all will laid upon Bowdoin's campus and we want them all to contain as much as possible of the life and atmosphere of the college. Such books have been published at other colleges and we are confident that with our many literary alumni to help us we can get out a volume which will be a credit to Bowdoin and of great interest to all Bowdoin men.

My dear Sir:-

I trust that your well known interest in the State of Maine will pardon my trespass upon your time with a matter that is of importance to the University of Maine. As you know, the law requires military instruction, which, until a short time ago, was in charge of an officer of the regular army, detailed by the President of the United States. Officers of the regular army are not available, but many colleges have obtained retired officers, to whom the government allows full pay when upon college service. We have not succeeded in obtaining an officer although we have made diligent search for one. I have found none resident in the State of Maine, and most of those in other parts of the country, to whom I have written, have not been willing to come into our climate, to go so far from the great centers, or else to leave their own homes. Of the two who were willing to come, both proved to be in their habits unsuited to their position. I have applied to the Adjutant General and used such information as he was able to give, and write to you thinking that you may know of some retired officer, whose character, health and habits suit him to our work, who would be likely to accept a detail. You may know of such a one living in the state. If you can assist me I shall feel very grateful.

Yours very truly,

Dear Gen. Howard: Your esteemed favor of 25th is at hand. In replying, please pardon me if I seem to be somewhat personal in my remarks. I regret very much that you have been troubled with anything pertaining to the local affairs of our University, and I do not think it is necessary.

Dr. Larry had started East before any of us knew that he was going. All the members of the executive committee think that it was a mistake as he is needed more here than anywhere else until the school again opens, Jan 1st. There are many young men and women coming in. Some of them new students who really need his attention until they are nicely located and started in their work. After school had again opened and everything running smoothly again he could go East and assist in raising funds, but holding the position he does, he ought to be able to do more here than anywhere else just now.

LINCOLN MEMORIAL UNIVERSITY,

Gen. Howard, &c.

Cumberland Gap, Tenn., 190

He went away when the disturbance was at a white heat, and was probably considerably discouraged on account of the care of a sick wife for several weeks - and the many other obstacles he had had to contend with.

Dr. Larry has not received the support here that he should have received, and has not had a fair chance. I have tried to support him in every move, although I have in my private and silent opinion thought that he has made some mistakes, but it is very plain that several citizens have opposed him and thrown obstacles in his way, and I am sorry to say that he has not been supported by all the members of the executive committee, which has a bad influence on that element in our community that has a tendency to be sensitive and dissatisfied.

The recent troubles is simply a fresh eruption of the same buried dissatisfaction that had existed here among a few for several years and which can most easily cooled down by

not stirring up too much.

There has been some talk of another school, but I do not think that it will materialize, and if it should it would be of short duration, as the town is not yet prepared to support a school, and whenever it does, which I heartily favor, it should be a first class school maintained by taxation.

Since receiving your letter the members of the Com. and Prof. Bowman have consulted, and have concluded that it would not be wise for the Committee to take any official action in the matter; but we all agreed to do what we can to mend the ~~road~~ break, and to advise Prof. Bowman to be as lenient as possible in his terms required of suspended students for their return, but to take no action that would hazard the maintaining of good order and the care of our property in the future. We have also promised to support him in whatever he attempts to do.

I believe he is earnest in trying to do what he thinks will be for the best interest of the school and will be reasonable in his requirements.

My dear Sir,
I have the honor to acknowledge the receipt of your letter of the 10th inst. in relation to the proposed purchase of the site for the Lincoln Memorial at Washington, D. C. I am glad to hear that the project is being carried out, and I am sure that the result will be a fitting memorial to our great President. I am sure that the site will be chosen with great care and that the building will be of the highest quality. I am sure that the project will be a success and that it will be a great honor to our country.

Cumberland Gap, Tenn., 190

If it becomes necessary for the committee to act in any matters during Dr. Larry's absence we will at once convene; but if possible, we think it is better not to settle differences between the students and teachers unless absolutely necessary.

Since matters are beginning to cool down, we find that Cumberland Gap still has many strong friends of the University, and they are beginning to speak more freely in favor of the work.

Among those who have been most irritated are the Morisons who were offended at last commencement, J. H. Quillen the banker, who is prominently connected with the Baptist College at Shawanee, and Mr. Carr my neighbor merchant, who earned Prof. Lawrence. One of the strange things of the affair is, that they expected Mr. Myers to join in the organization of another school, and were disappointed that they failed to secure from him the use of the Cumberland Gap Hotel for their school.

I am of the opinion that matters will be quickly coming in a few days, and that everything will end well. Do you think we will be prepared to pay the loan, secured by Mr. James, that falls due Jan 18th? I hope we will.

Sir:-

In reply to your letter of the 27th instant, I have the honor to inform you that I shall be glad to afford you assistance in your proposed celebration of Lincoln's Birthday, in any way that I properly can.

For this purpose I shall be glad to allow the band to play at Carnegie Hall, but must remind you that, in order to reach the hall by 8:15 p. m. the men will have to take a hurried supper or none at all, and that, before their long and cold journey back to this post, late at night, they will require some further nourishment, nor would it be right to expect them to pay their own expenses, which would amount to an appreciable sum. If therefore it would be practicable for your committee to allow a moderate sum for expenses, say a dollar and a half per man, I shall be glad to accede to your request.

Very respectfully,

Jno. S. Rogers.

My dear General.

Enclosed find the list of those present at the Mass. Club Meeting last Saturday. It was a delightful gathering. I fear I shall not be at many more. A tired feeling creeps over me and I need rest. The list is marked "Yes" for you to write to, and "no" where it would not be an object. If you sent some such slip as we used at Brookline, it might save letter writing on the part of those whose time is limited.

"A happy new Year" for you & God bless you

Gen. O. O. Howard. Affectionately

P. S. It might do no harm to send your little "dry" letter only to the "Yes".

Dear Uncle Otis -

A letter from
Frank gave me your
New York address and so
I write to wish you and
yours all the seasons
greetings. This is the last
day but one of the Century
and we enjoyed a mag-
nificent service on appro-
priate to the season from
Dr Thompson on this morn-
ing. His text was "a woman
arrayed with the sun, and
the moon under her feet, and

upon her head a crown of twelve stars," Dr Thompson is about the best versed man in symbolism of the ancients that I have ever met, and he makes the book of Revelation another book from what it always has been to me. He preaches Christ and His gospel - pure & simple, His Church is known as the Independent Church of Christ & its creed is the sermon on the mount. He is the greatest preacher I have ever listened to and helps me wonderfully in "making the crooked places straight." He is practical, and clear, and one goes out from his preaching refreshed and with a new determination to his work in the way the Master taught. Dr Thompson preaches for every day life, and he is not afraid to "tackle" the subjects that many ministers steer clear of for fear of offending some of their congregation. He is a man of about my father's age I should say, born in Scotland, educated in the strictest sense a Scotch Presbyterian, went over

a splendid sermon from Dr
Thompson on that text a few
Sundays ago & it shed new light
on many things to me. But
I am stretching this letter
that started as a note, into
interminable length so will
close —

With a Happy New Year to all

This man seemed very gentlemanly & did not try to grind his axe to the detriment of the grindstone, but I can't help wondering which pigeon hole I should place him in.

Poor Helen has been laid up with the grippe for more than two weeks and is just recovering from its effects.

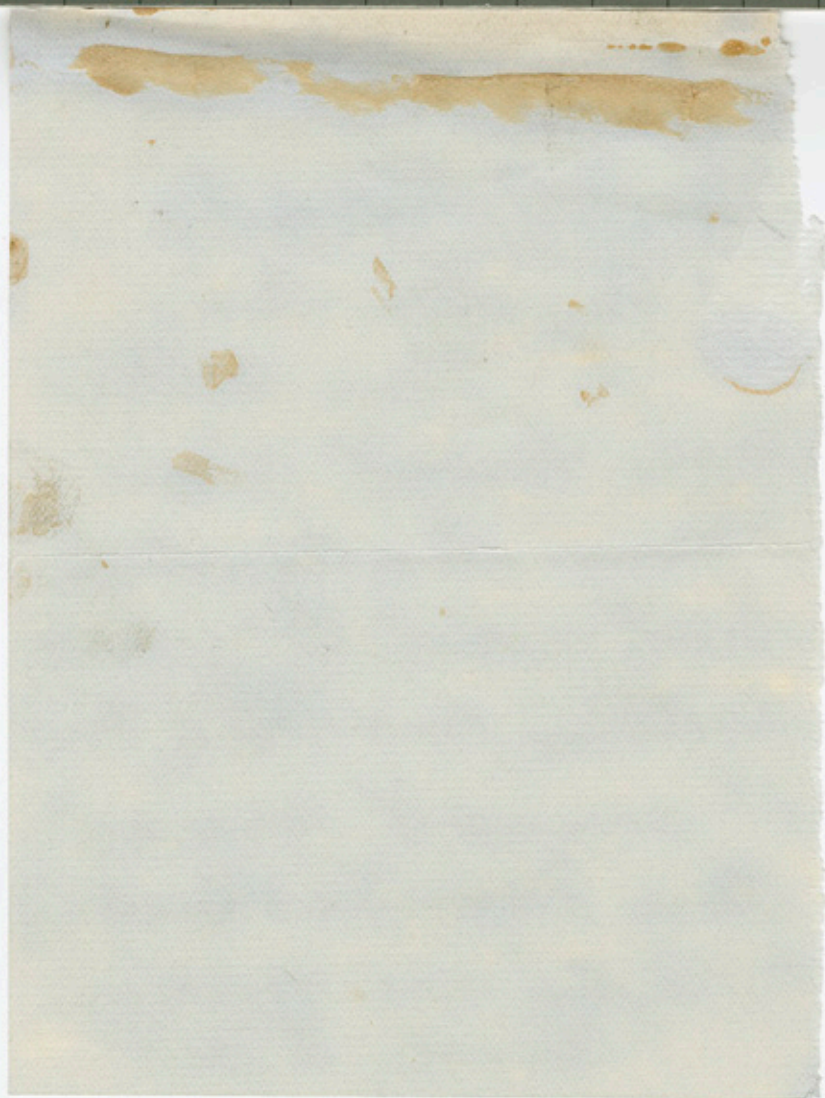

She joins me in love to all and all the seasons greetings.

Matters and things financial have not gone any too well with me in 1900, and I am making a fresh start in 1901. My courage is good however and I believe I feel that the plans of God are all right, and that I must work along cheerfully and honestly and will receive my just deserts. There's no use in crying over spilt milk & I'm not wasting my tears. "Seek ye first the Kingdom of God and His righteousness and all these things shall be added unto you" is ever in my mind. We had

My dear General:

I had hoped to make it possible to call at your office, and in person acknowledge your kindness in consenting to be with us at the Installation Ceremonies of Alexander Hamilton Post G. A. R. on the Evig of Jan'y 3^d.

I have however been so exceedingly busy, my business being here in Harlem, that I have been unable to get down town. I have had the honor of meeting you at some Lodge Degree gatherings, but have no idea that you recall me by name. When elected Commander of our Post and the exercises incident to the Installation were being planned I expressed a desire to have the effort to secure your presence and the favor of a talk to us and guests. Capt Reddy Chen^g of our Committee of

result is most gratifying to us.

I desire to express my personal appreciation
of your courtesy in turning aside from your numerous
engagements to serve us on this occasion.

You will receive a most cordial welcome, and I
trust you will pardon me for my neglect or failure
to see you and assure you of this.

Cordially, wish you a Happy New Year, and pray
that many more of usefulness and honor may be
granted you.

My dear General Howard:-

You doubtless already know of the plans which are being made for the observance of the 60th anniversary of the organization of the Broadway Tabernacle church. I send you under separate cover a copy of the December "Tidings", in which you will find a statement of the plans of the Committee.

I am sure you will be interested in all that is planned for the occasion, but I write you with reference to one especial feature for which I have a responsibility. It is the securing of an exhibit of the literature issued by present and former church members. It is the Committee's desire to secure copies of the works of all present and former members, both in bound and pamphlet form, not only for the exhibit but also to remain at the church as a nucleus of a church library.

I have the names of the following books or pamphlets which you have issued, and there are several others of which I cannot give the exact titles:-

Donald's School Days
Chief Joseph

Henry *Isabella y Castle -*
General Taylor (in Great Commanders' Series)
Fighting for Humanity

May I not ask on behalf of the Committee if you will not be willing to donate one of each of these and any others which you may have issued, for this purpose? I will be very glad to send a messenger for them to the place which you may suggest. I will appreciate an early reply as I desire to complete the collection of the books as soon as possible.

Very sincerely yours,

Dear Sir:

As director of the
Tabernacle Services at Thousand Island Park I am now
arranging the program of spectacles for next season. The services
at the Park are of a union character, providing for the
religious wants of a summer population of some thousands,
representing all parts of our own country and Canada.
The Tabernacle seats about three thousand people. The
trustees of the Thousand Island Park Association represent
some religious denominations.

We greatly desire to have you address our
Tabernacle congregation on one of the Sabbaths in July
or August. I think we can arrange to accommodate
you in the matter of date. Of course we will
pay you for the service, though I can not promise
compensation equal to its value. But we will be glad to

make the amount satisfactory to you.

While Thousand Island Park has by far the largest number of visitors of any point in the Thousand Islands, it is the only one at which no steamers call on Sunday. No Sabbath excursions are permitted to land there.

It is our constant hope that you will find it convenient to send a favorable response to the invitation contained in this letter. If you visit us, we will give you one of the most inspiring of international congregations; and your message will be a blessing to many.

With great respect,

Sincerely Yours,

J. S. C. Sawyer.
