In reply to your letter of the 23d ultimo, in reference to the appointment in the Quartermaster's Department, of your son, Major John Howard, you are informed that it has not yet been decided whether Lieutenants of the Line are still eligible for appointment in the Quartermaster's Department, inasmuch as, under the Army bill. the President is authorized to fill the original vacancies in the Quartermaster Department as provided for in the bill, by selection from the officers of Vol-

unteers commissioned in the Quartermaster's Department since April 21, 1898.

officers of the Line are eligible for any permanent appointments provided for in the new bill, I will be glad to do what I can in reference to the Major's appointment. I imagine, however, that the opportunities for advancement in the Line, under the new bill, will be greater than those appointed to the lower positions in the Quartermaster's Department.
