Dear Sir,

A number of friends with the undersigned have arranged to incorporate a stock Co - called "The American Health League", established on \$1,000,000 (one million) basis. These funds are to be utilized for the establishment of a Health College, Hospital and clinic, where people can be instructed and treated according to the principles of Natural Cure, absolutely without drugs or operations. These principles have been widely tested throughout Germany, ~~the~~ during the last 10 years, the result being that more than 6000,000 people have become advocates of these methods.

The Health of the American nation is in a wretched condition, and thus it has become necessary to resort to above methods. Our phenomenal success in curing patients by application of the simple laws of Nature, together with the encouragement and promised support of a large number of people throughout the United States, leave no room for doubt but that the undertaking will be crowned with the success which it merits.

BOSTON, Feb. 9th, 190 I

Dear General Howard:

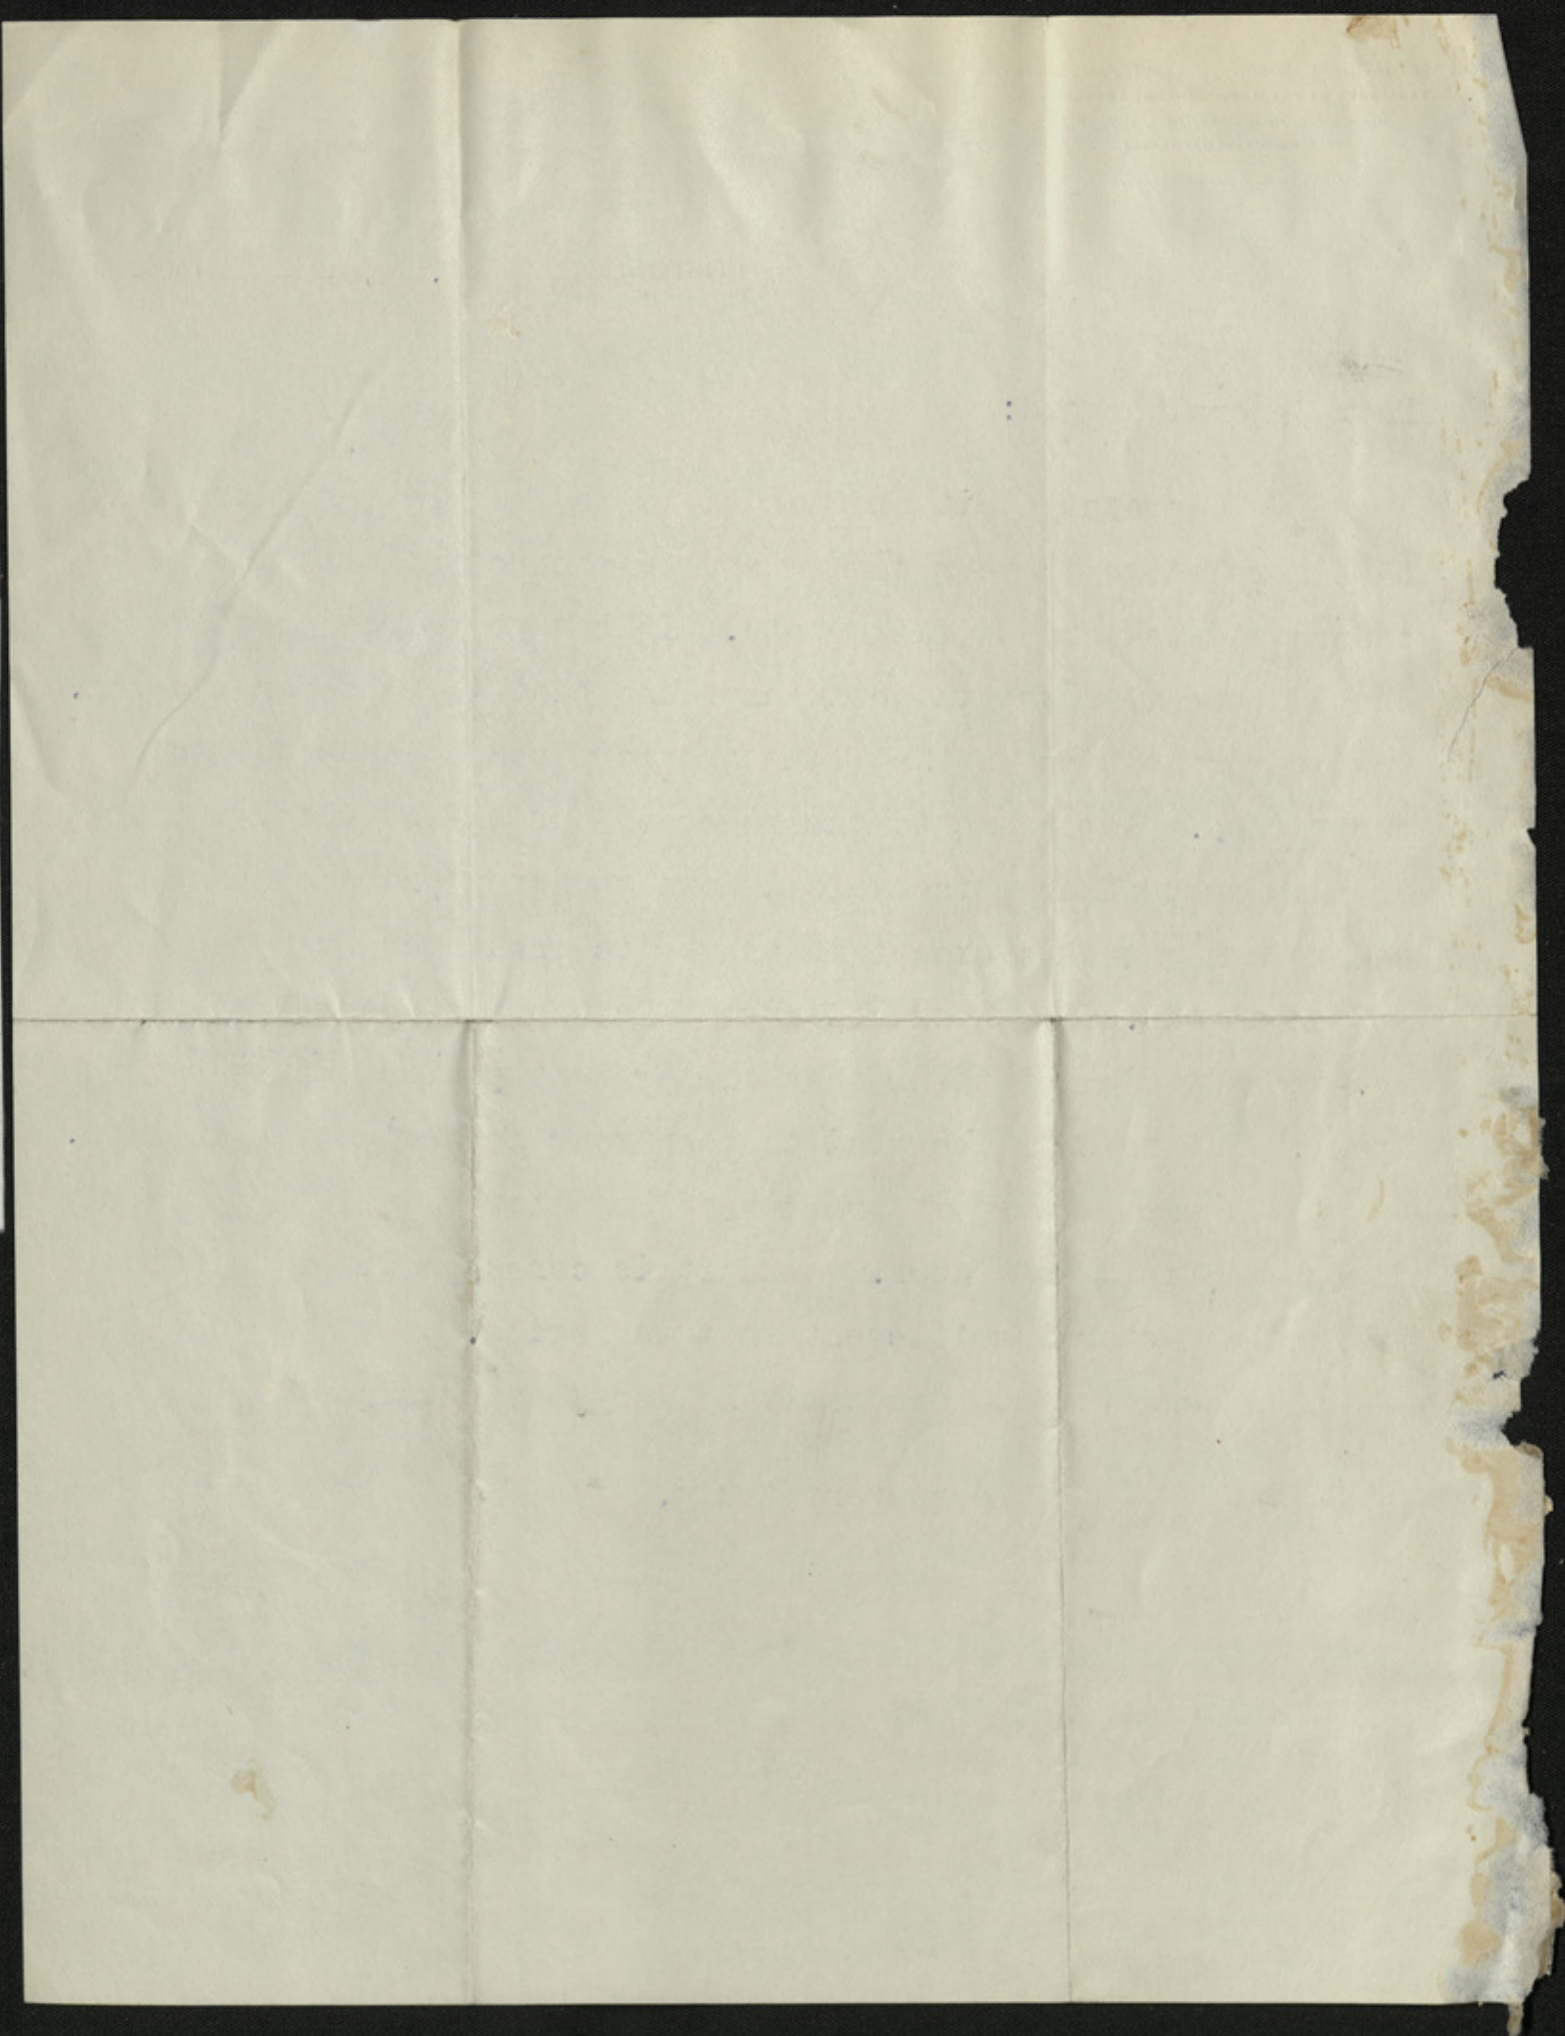

Secretary Cpit has handed to me your letter addressed to him relative to your nephew and in connection with the church at Rockland in this state. I knew your brother and I should take pleasure in doing anything that I might for his son. Our opportunities in that line are far from being equal to our wishes. According to the rules of our office which I think in this respect are wisely laid down we never propose names of men to our churches except in answer to inquiries from the church itself. The Rockland church has not yet conferred with us--indeed I do not think that the present pastor leaves before April. But we shall be glad to keep your nephew's name in mind.

There is a great pressure of men toward all these fairly desirable fields of labor. And it is correspondingly difficult to find a pastoral settlement in this region.

I send to you personally my very best wishes.

Yours very truly,

Chas. B. Rice

Gen. J. O. Howard

My dear sir:

The residents and property owners on Bway. and Columbus Ave. from 63rd to 66th have petitioned the Municipal Council to name this square, Lincoln Square. it is an active point at present and promises to become in the near future one of the most important centers in the city, and worthy of the great name. I know you will be pleased to hear of any public occasion where the name is to be honored. Most Respectfully Sir:

SUBJECT:

Dear Gen. Howard :-

As I promised to write you when I saw Mr. Blanchard I can now tell you that I saw him Thursday of this week and found him looking better than I expected. His color is better and he looks bright and cheerful, but he breathes with difficulty and is soon exhausted. I see no reason to believe he will be able to return to business soon.

I mentioned you and he said Mrs. Blanchard had written you lately. He evidently did not wish to dictate any letters. Said he wanted me to come while he was at the Grandins' so I could see the beautiful house, and beautiful it certainly is. Mrs. Blanchard took me all over it and showed me many of the treasures of art.

The Grandins are anxious that the Blanchards should close their house and stay with them. They think Mr. Blanchard is better off in their house as he is on the 4th floor, so does not disturb the family arrangements and there is an elevator. Also, he is not so easy of access as he would be at home and absolute quiet and rest is ordered. As he sits up in bed he can look down the Charles River from Harvard bridge to Bunker Hill monument. When he can get about, the doctor wishes him to take a southern trip, so you see the matter is slow although I have no doubt he will recover eventually.

Howard,
York.

Sincerely, yours,

A. Florence Joyce

My Dear Sen. Howell,

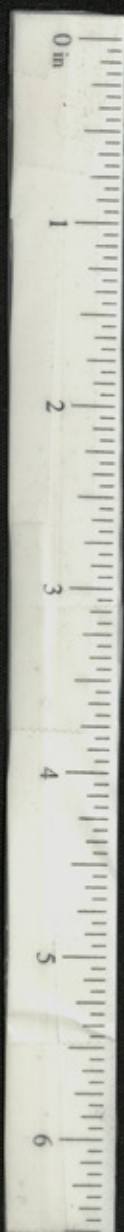

Will you excuse
me for using pencil? I
am visiting a friend, and
it is quite impossible for
me to get pen and ink
at this time. I want to
thank you for your great
advice regarding the
house. It is just as I feel
about it, I am quite de-
cided in my own mind
that in the near future, I
will give it up. General
here would like it, but

occurred to me that
you might possibly know
some Real Estate Dealer
who was an acquaintance

whose name you could
give to me - If you know
such an one or know
of such an one - Will you
give me the name - I am
told by people here - that
some one from a City
would appreciate this
place - and give much
more than any one living
here - There are very few
defensive houses here -

This is not according to
City prices - but those
looking at it here, would
to sell their own price.

If you do not know any
one - to whom I could
write, do not be to any
trouble or inconvenience

tant that it should

it is so - I hope you are
