Cumberland Gap, Tenn., March 3 1901

My dear Gen. Howard:

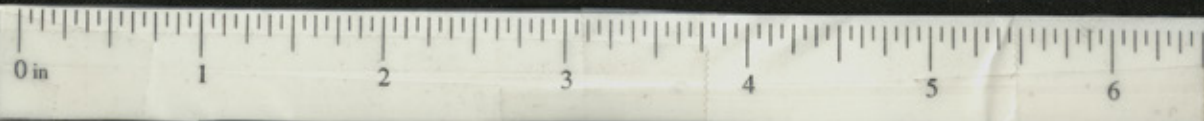

Your kind letter of 16<sup>th</sup> inst. at hand. I have today conferred with the other members of the Executive Committee, and shown them your letter.

We understand that it is your desire that we do all we can to harmonize conflicting elements here, especially, at the "Gap", and to arrange as far as possible for a good commencement.

There is good feeling here among all toward you, and this expression coming from you, we shall be more than pleased to do all in our power to adjust matters.

We shall expect you, as President of the Board and ex-officio member of our committee, to support us in all we undertake, that is reasonable.

I address you confidentially, because we (the committee) think that we are in no way responsible for the existing circumstances here, nor do we believe that the students are alienated from us; so far as I know they are all friendly to me, and I have no complaints to make. They all treat me very kindly and I am trying to do the same.

For several reasons, especially Mr. Myers continued inclination to oppose Mr. Larry on every side, we have supported his management as Acting President, and in order that he (Mr. Larry) might have a fair chance to carry out his plans, we have approved almost every proposition presented by him: but we think that he had made some serious mistakes, that especially affect his relations with the people here. Of course it is not necessary to discuss these matters now.

We shall go to work at once on these lines and hope to be able to report something favorable within a few days.

Believe me, sincerely yours,

To Gen. C. C. Howard,  
Dear Sir, -

I am particularly anxious to get your opinion on the various phases of the "Lantern Question". You are one who has been so long and unceasingly devoted to the soldiers interests, that your word will carry more weight and authority than of any one in the country.

I would therefore ask you that, laying aside for a moment the ethical aspect of the case, to answer

the following questions.

1. Does the canteen promote sobriety?

2. Does it offer any inducement to get drunk?

3. Is it at all times under the control of the officers?

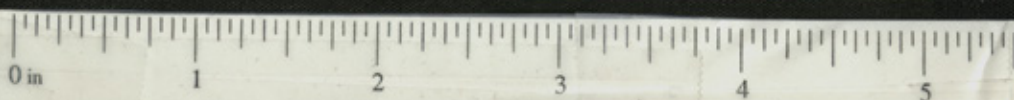

4. Does it tend to promote the health of the troops,

a. By furnishing purer, or less highly intoxicating liquor?

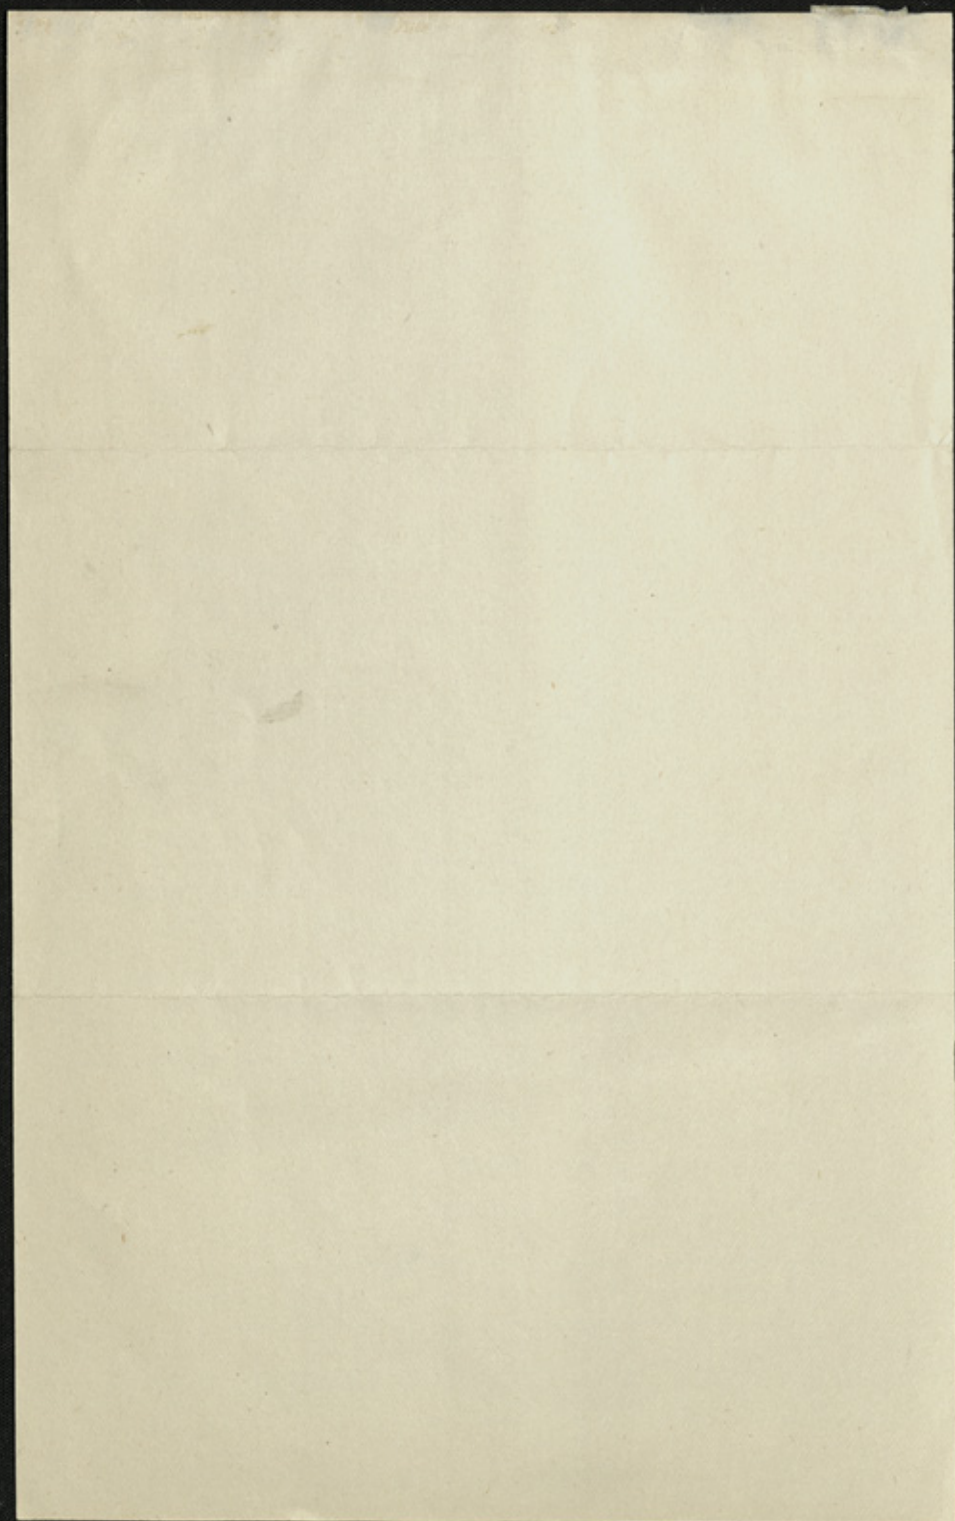

b. By promoting, indirectly, sobriety?

c. By keeping them from worse evils they might encounter?

1899

5. Does it prevent, to any extent, their chafing at restraint and discipline?

6. About what per cent of the men are abstainers, occasional drinkers, moderate drinkers, and hard drinkers?

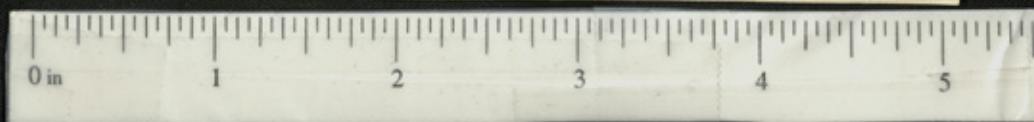

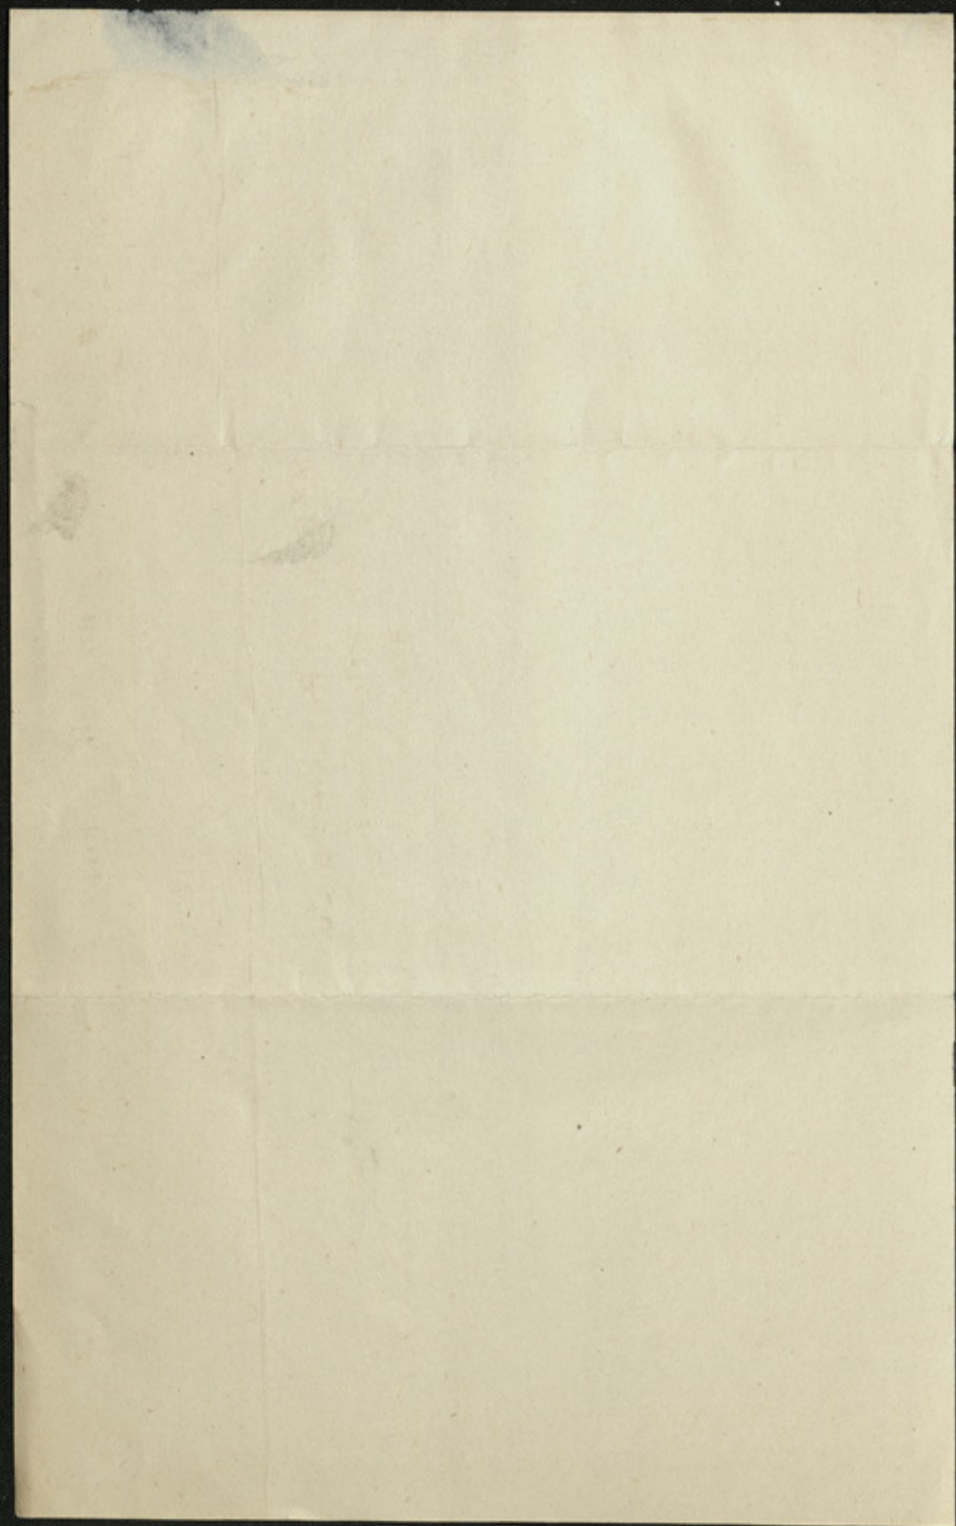

7. To what extent are possible abuses of the canteen remediable?

8. Does the canteen offer more temptation to  
a. Drink,

b. Drink to excess  
than the saloons which  
otherwise cluster around  
the posts?

9. Is the canteen, on the whole, promotive of the

general morality & well fare  
of the troops?

I am particularly  
anxious to obtain the information  
asked for, for use is a

this reason I have taken the  
very great liberty to trespass  
thus boldly on the time of  
one whom I know must be

an immediate answer, I

My dear General:-

Mr. Larry was here to see me about trying to do something for the University in the City of Boston. I advised him that the best thing he could do would be to get Mark Twain to deliver a lecture for the benefit of the University and hire Tremont Temple here as the place to do it in, and then get the patronage of some of the distinguished ladies and gentlemen of this city. He said he would try it.

Dear Sir:-

We owe you an apology for not having communicated with you regarding the sale of ABRAHAM LINCOLN: HIS BOOK, at Carnegie Hall, on the evening of Mr. Watterson's address. We so thoroughly appreciated the privilege you allowed us that it seems impossible we could have allowed the matter to go so long without communicating with you - our excuse is that the person in charge of this matter was out of the city for a week or ten days directly after the books were on sale. It was left entirely in his hands and was therefore overlooked by others in the office.

The result of the evening's sale was very unsatisfactory. We sent two boys to the Hall with 250 copies of the book together with circulars which were distributed. The boys stood faithfully at their post until the last moment, in fact, until the lights were put out, and the result of their efforts was the sale of four copies.

Our arrangement with you was that we were to allow you 10% on the list price of the book (\$1.00), therefore we owe you forty cents, which we are enclosing in stamps.

Gen. O. O. Howard,

Dear Sir,

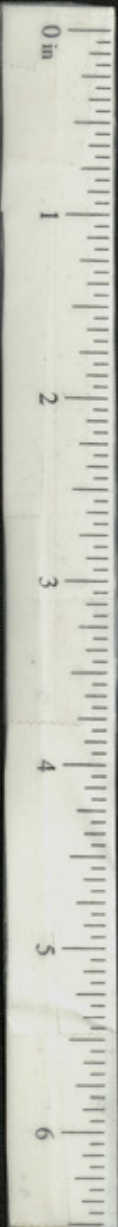

The letter of 25<sup>th</sup> ult. was duly received. I have been absent so much from office meantime that it has been neglected, - some time in early Feb'y. Had Mr. Fairbanks that my year was up latter part of month & that I would remit cheque direct to Mr. Eager, & that, as I was saving from month to month to get together enough <sup>for</sup> the thousand dollars I put down toward an endowment fund, I would send only \$50.<sup>00</sup> My income is not large & my demands numerous so that last year my gifts took 30% of income, which kept me rather close. I have \$200.<sup>00</sup> saved towards the thousand endowment.

I liked the Mr. Howard whom you introduced & I thought well of the early photo scheme. I was thinking it

over that evening, (the eve. of the day you called) & it occurred to me that you had some thought of making some arrangement with Mr. Howard, to take the leadership of the Institution. I may be in error, however, but I took it up from something you said. He might be just the man we need, but I would go very, very slowly in the matter.

Very Cordially, Darius R. James.

Maj. G. B. Cockrell manager of the waterworks will not consider the matter, until the suit has been decided; although he expresses himself favorable and I think, when the time comes will furnish us water if possible.

Mr. Larry had the waters of the different springs on the University property analyzed, and reported that the water at Hamilton Springs, that we have been using at Grant Lee Hall as being unfit for use. So on his recommendation the Ex. Com. have approved of removing the pumping station to the best springs on the property.

Dear General:— Yours of yesterday at hand.

I have sent the War Dept Circular of instructions to Mr. Eager, but as I read them you should make the application but possibly my application and your acquiescence will cover all. You certainly have been misinformed if you think I have not the kindest of feelings toward the Board. I have taken no issue with the citizens.

I do not think that youth from without should be quartered in the Gap village. The best sentiment of the surrounding country will agree with me in this. Those who have local interests may differ, but they would not if they looked far enough ahead. Whatever fosters the success of the L. M. U. will help them at last. Ask the teachers there as to their opinion. I have never proposed to do anything radical. In my last annual report I suggested that the Academic Dept be removed from the Gap. This met the views of the visiting directors and the matter was referred to the Ex. Com. Had this been done there would have been no conflict with the Watts

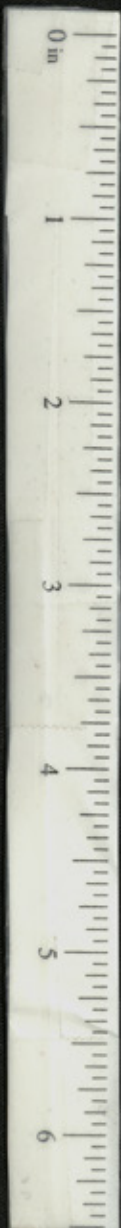

2

building transferred to Grant-Lee 20<sup>3</sup>  
we should have room for the  
present. Come we must have  
sunway. I am going to  
make an effort to put up  
the girls' dormitory. I come  
here to write up next "Mountain  
Herald" where I could be quiet  
and be at small expense. This  
time I expect Mr. Fairchild back  
to make a campaign, of speaking  
and gleaming. I can interest  
an audience and he can  
make appointments and interviews  
much better than I can, and  
having been over the field he  
knows just who to go to etc.

I hear that he has been ill.  
He seemed out of order with it.  
If he does not come soon I shall  
try single-handed, unless things  
demand me at the school.

Mr. Myers has been among  
the boys at Grant-Lee, offering  
them 20.00 per month and appears  
to leave. He has interests a

number of our best workers. He has also declared that he will fix things so that no one can follow him. I well know what the latter means, but I propose to follow along the plain path of duty nevertheless. I hope none of our boys will be drawn away but he is so plausible that I fear it. If he can manipulate business men, directors, teachers it must not be thought strange if he leads away susceptible youth.

At the invitation of Pres. Cragg ministers I have explained our work to them and I have two engagements to speak for the L. M. U. one week from tomorrow. Like yourself I need to feel that everything is harmonious behind the work in order to be effective.

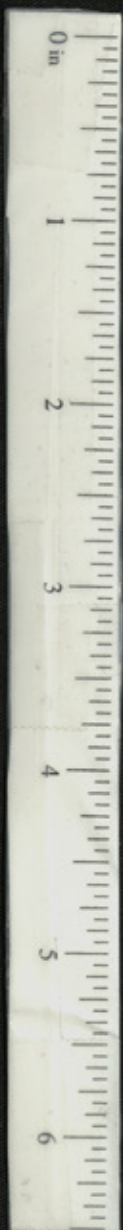

Now it may be that you  
would like to have me  
and Mrs. Larry at the Gap  
while you are there. If so,  
let me know and I will  
plan accordingly, but I  
would like to make a  
campaign for the new  
building with Mr. Fairchild.

I hope you will see young  
Mr. James and get him  
to take the treasury. He is a  
fine, open hearted fellow and  
his name will command  
the confidence it deserves.  
Our treasurer should certainly

My dear Gen Howard

I have been in Milwaukee with Margaret for three weeks. She has not been well but is much better now.

Will be here a week longer & may be more.

I have not been well at all and am in bed now have worked hard in Chicago & am afraid that Margaret is too tired & perhaps for me

and do not like the class of  
women in it. I have  
usually not much strength  
for unnecessary things -

I intended long since  
to have answered your  
kind note but I have  
not been equal to it.

Miss Lakin is well &  
wished to be remembered

Margaret & she are great  
friends & M- is doing  
fine work. taller than  
by half an inch.

I presume you are the  
same big man that you  
always are. I hope Harry  
is doing well. Remember  
me to the family - and let  
me hear from you soon

Cordially
