THOMAS K. CREE,  
SECRETARY.

April 15, 1901.

General O. O. Howard,  
156 College St.,  
Burlington, Vt.

Dear General Howard:-

With the new year well under way, may I remind you of the balance of your subscription of \$15.00 made last year, of which \$10.00 is still unpaid? I did not have the courage to write to you after the opening of the year, knowing how busy you were, and how much you were doing for association work other than by your generous contributions.

I take pleasure in sending you a bulletin of our army and navy department which is just from the press. I read it with much interest yesterday, and I am sure it will interest you. The incidents might be increased a thousand fold, and then would give only a fair idea of this splendid work for soldiers and sailors, made possible by the gifts of yourself and others to the work of the Committee. Your experience in this department will make this little bulletin a very <sup>and</sup> ~~inviting~~ picture to you.

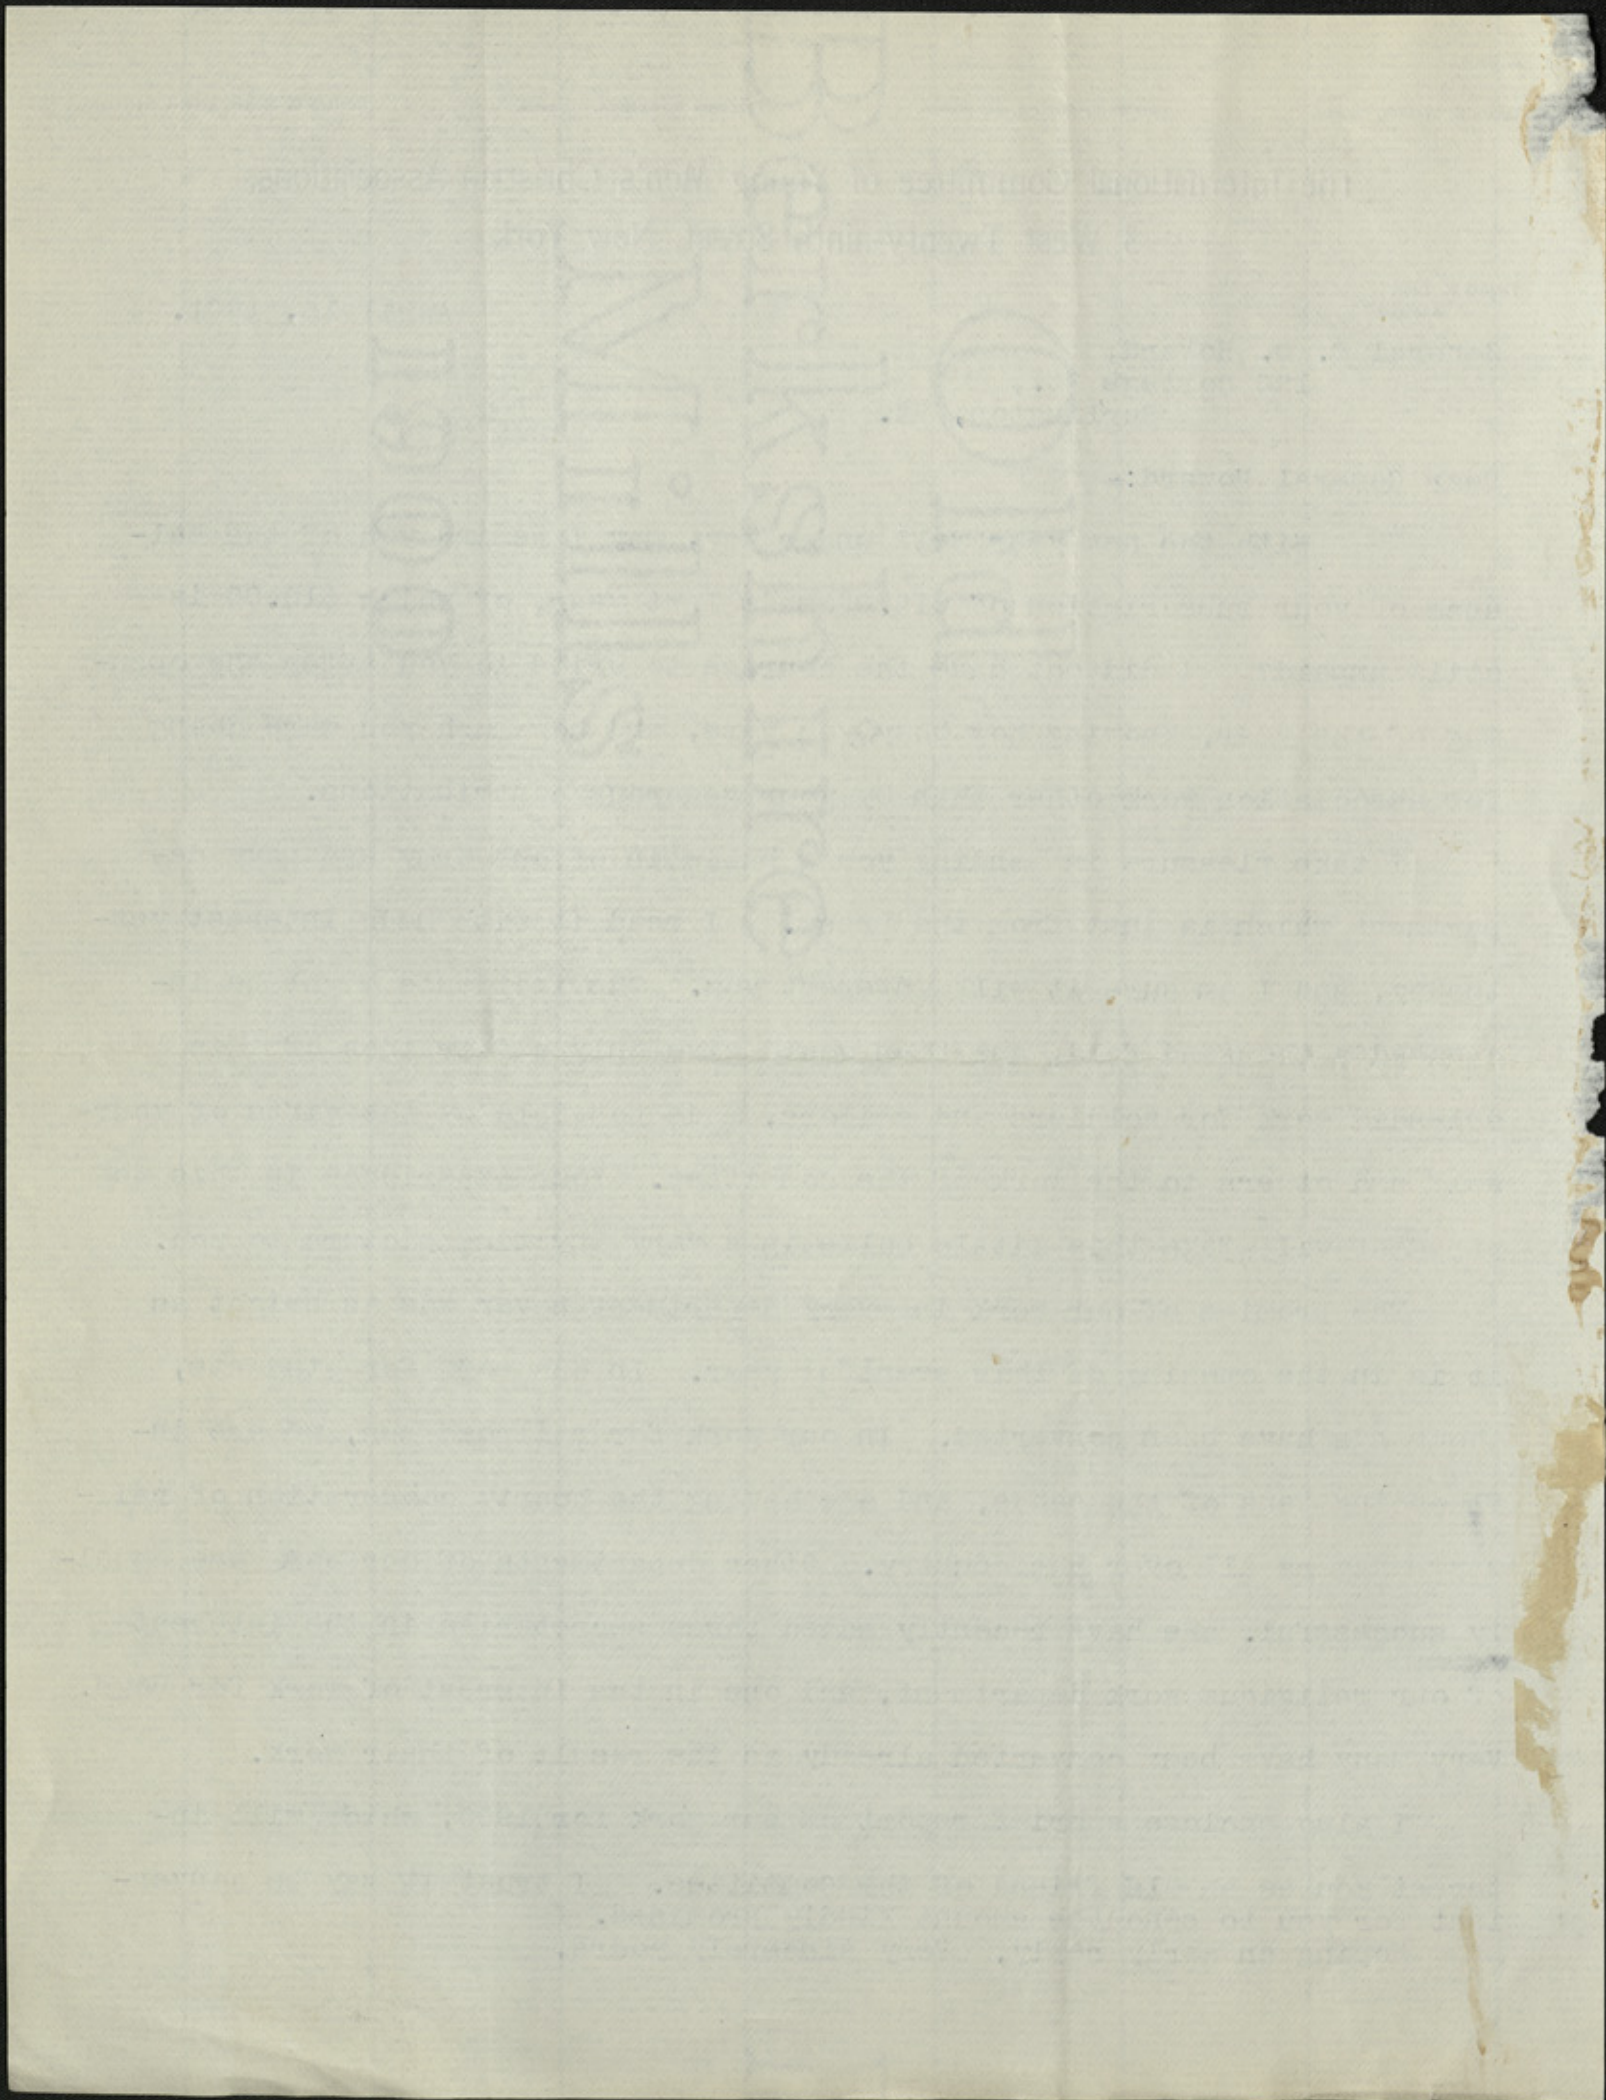

The promise of our work in every department never was as bright as it is in the opening of this eventful year. In our work for students, thousands have been converted. In our work for railroad men, we are influencing tens of thousands, and are having the hearty coöperation of railway managers all over the country. Other departments of our work are equally successful. We have recently added three secretaries in the interest of our religious work department, and one in the interest of work for boys. Very many have been converted already as the result of their work.

I also enclose a brief report of our work for 1900, which will interest you as an old friend of the Committee. I trust it may be convenient for you to send the amount kindly promised.

Hoping an early reply, Very sincerely yours,

Thomas K. Cree

My dear General:-

When Col. Denison and I met you at the Bowery meeting a week ago Thursday night, you promised to send us the toast to which you would speak at the Patria Club Dinner to be held on Friday evening, April 26th. As we are anxious to complete the programme will you please send it at once, and greatly oblige us. We are going to have a fine dinner and a fine audience.

Gen. Wheeler's toast is "Our Country and its Progress."

Yours faithfully,

W. C. Cullen

Malden.

April 15 - 1901  
May. Gen. C. O. Howard.  
Dear Sir.

Thank you  
very much for your kind  
letter. we shall be glad  
to hear and see you on  
Thursday May 2<sup>nd</sup>. You  
did not say if we might  
expect you to dinner on  
that day. dinner at 12.30  
and a train out from  
Boston 11-50 - Western Div  
of B & M. North Union Station.  
there will be a carriage to  
meet you. If you do not

wish to come out then there  
is another train 12-45  
which would get you here  
in time to arrange for  
the lecture at 2. I hope  
that we will have a  
nice day. I shall get  
out the invitations right  
away. I shall want  
about an hundred folders.  
Prof Larry said that  
I should have them. I  
do not know from where.

I shall see Mrs Leland  
and also Mrs H. E. Converse  
here in Malden and

arrange with them to be present, if  
possible. All that can be done this  
evening may I shall do for the  
evening.

Very truly Yours.

Grace A. Harris.

I have written to your  
daughter extending an  
invitation which I trust  
she will accept, to favor  
us with her presence also  
as our guest.

E. S. S. H.  
15

Major General Oliver O. Howard.  
Dear Sir.

It is with pleasure  
that Mr Hammond  
and I, together with  
your many friends,  
welcome you to our city.  
With great interest also

248

We anticipate the privilege of listening again to your  
magnetic eloquence in public, to insure which we have  
secured seats for the banquet of the Congregational Club.

Awaiting your early arrival at our home where  
Cler Hammond unites with me in the delightful  
expectation of welcoming you at our guest, I am

Cordially yours

Ellen S. S. Hammond.

Apr. 15, 1901. 1

Dear General Howard,

If Pres. Warren mentioned us in his letter, you have doubtless been wondering why his invitation was not accompanied by ours, requesting you to speak at our Commencement. Some time ago Mr. Camfield asked Pres. Warren if we could ~~not~~ combine in this way, for ever since I met you at Omaha and on the Kansas City train, and claimed you as a partial relative, (because my grandmother was a Howard of Bridgewater) it has been the dream of our life to secure your presence on some occasion, at the school which we have spent all of our married life in building up. That you were President of the Home Missionary Society, under which we work, was an added assurance of your interest.

The cause of our delay was that the small-pox scare has been hanging on our borders for many weeks, and the disease such as it is, has now come into our midst. I say "such as it is," for it certainly is not the real small-pox, but is a light eruptive fever,

## Ward Academy,

COURSES OF STUDY.

ACADEMY, SO. DAK.

leaving little, if any<sup>2</sup>, marking. Our school is in quarantine, because our preceptress had it, outside students are kept home and only our boarders from a distance remain, but if no one else comes down, the quarantine will be lifted in another week. Of the three members of our graduating class, the most promising young man died of pneumonia last week, & another has been kept at home three weeks by the severe illness of his mother. Under all these circumstances, we anticipate the poorest Commencement we ever had, and hesitated about writing you, naturally wishing you to see our school at its best, and at a time when people would flock from far and wide at the magic name of Genl Howard. Now this trouble will probably all blow over in a few weeks, and if you decide to come to us, I can not assure you in strong enough words of our warm welcome and hearty gratitude. But it seemed right to let you know all this.

4/2

One of the happiest <sup>3</sup> memories of my life is of that little visit in the evening on the train, when you, one of our country's heroes, so kindly conversed with a little unknown from the Dakota frontier. Nothing can take that away from me, whether I ever see you again in this life or not, but I cherish the hope that you may yet be on this ground where we chose to serve our Master as long as we were spared to do so.

With a heart full of reverence and affection, I remain,

Sincerely yours,

(Mrs.) Ella Woodman Campfield.

P.S. This letter is perfectly safe, as I am not in quarantine, but staying at home, while Mr. C. is at the Academy.

P.S. Possibly you know that we are the "adopted child" of the N. W. H. M. U., and Mrs. H. J. Van Patten is well acquainted with all our work & has corresponded

with us for years. It would be a gratification  
if you could see her and talk over our school  
with her.  
E.W.C.

Subject:—

THE BOARD OF ENGINEERS.  
ARMY BUILDING.

465-  
New York City. April 15, 1901.

General O. O. Howard,  
150 Nassau Street,  
New York City.

My Dear General:

In a note received from you about two months ago, upon which I cannot just now lay my hand, you asked me whether I wanted you to do anything in reference to my appointment as Chief of Engineers.

I think this was before General Wilson had sent his letter to the Adjutant General offering to retire in my favor, a copy of which is herewith inclosed. The President and Secretary of War, I have learned to-day, are both opposed to the appointment on the ground that, as the President words it, "it would have to be followed by so many other promotions for retirement that he would be charged with padding the retired Army list".

Now I think my case is quite different from that of a number of other officers who are striving to be appointed Brigadier General before retirement.

Four years ago I was the Senior Officer in my Corps. I had three years more service as a Commissioned Officer than any other man in the Corps, and five years more service in the Engineer Corps. I have held by all odds the most important positions in the Corps, being President at the time of seven Boards of Engineers including

the one planning the defenses of the United States, and have never been President of less than five Boards during the last five or six years. I was in good health and in every way eligible for the position and would undoubtedly have received it had not Mr. Cleveland forced the Chief of Engineers, General Craighill, to retire suddenly February 1, 1897, just a month before the President himself retired. General Craighill had assured me that he would not retire until he had reached his age limit, July 1, 1897, when Mr. McKinley would have been President, and he has also stated to me in writing that he believed I would have been his successor at the time. General Wilson has offered to do what he could to right this wrong, and to retire now so that I can be appointed previous to May 2, 1901, when I retire.

I think my case is somewhat special. I do not believe there is an officer in the Army who has served as long as I, - nearly 44 years as a Commissioned Officer, and 48 years in the Army. If I had just now at the end of my service reached the position where I was the ranking officer in the Corps, except the Chief, the argument might be brought up that the term was so short it was not expedient to make the appointment, but I attained this position four years ago and was entitled to it, and if I do not get it, it will be like serving notice on all officers that instead of attending to their duties wherever they may be, they should strive to be stationed in Washington where they can look out for their own interest. I know the time is exceedingly short, but I would be very glad if you could do anything immediately to convince the President that my appoint-

ment would be only righting a wrong and not establishing a precedent for the appointment of officers who only get to the head of their corps a few months before retirement.

In addition to this I may say that of the seven officers now living, in the Army, in my class, -1857,- and the class below me, -1858,- every one of them was appointed a Brigadier General before retirement excepting myself and Major Warner, who retired when promoted from a Captaincy several years ago.

Thanking you for anything you may do in this matter for me,  
I am

very sincerely yours,

*Henry M. Robert*

MEMORANDA.

(1) Colonel Robert has been a Commissioned Officer in the U.S. Army two years longer than any other officer on the active list, having held a Commission since July 1, 1857.

(2) Colonel Robert has served as a Commissioned Officer of Engineers five years longer than any other officer of the Corps on the active list.

(3) Colonel Robert will be the senior officer in the Corps of Engineers when the present Chief retires. When Colonel (now General) Wilson was promoted Chief of Engineers (Feb. 1, 1897), Colonel Robert was the senior officer and had more than four years to serve before being retired, and was on the most important duties in his Corps, being Division Engineer of the Northwest Division and President of seven Boards of Engineers including "The Board of Engineers", the latter of which is charged, in addition to other important duties, with planning the defenses of the United States, and yet when the vacancy in the office of Chief of Engineers came to be filled, the rights of Colonel Robert were ignored and the promotion given to Colonel (now General) Wilson, his junior by three years.

(4) For the past five or six years Colonel Robert has held the most important positions in the Corps (except that of Chief), having been President of never less than five Boards at any time, including all the time the most important one, "The Board of Engineers".

(5) If Colonel Robert is not appointed Brigadier General he will be the only one of those now in the Army of the Military Academy class of 1857, and of the class below his, who has failed to be rewarded with that honor, except Major Warner, who retired in 1887 when promoted from a Captaincy. He has had at least two years more of active service than any other man of either class, living or dead, and he outranked, with one exception, every one of the other six living members of the two classes at the time they were appointed Brigadier Generals. He has been the only member of either of these classes on the active list since July 1899. If Colonel Robert fails to be made a Brigadier General he will suffer as the result of having graduated in the Corps of Engineers.

(6) Colonel Robert's appointment injures no one as it opens the position of Chief to those below him five months earlier than if General Wilson does not retire in his favor.

-----

# MEMORANDUM.

(1) Colonel Robert has been a Commissioned Officer in the U.S. Army two years longer than any other officer on the active list, having held a Commission since July 1, 1887.

(2) Colonel Robert has served as a Commissioned Officer of the Corps on the active list five years longer than any other officer of the Corps on the active list.

(3) Colonel Robert will be the senior officer in the Corps of Engineers when the present Chief retires. When Colonel (now General) Wilson was promoted Chief of Engineers (July 1, 1887), Colonel Robert was the senior officer and had more than four years to serve before being retired, and was on the most important duties in his Corps, being Division Engineer of the Northwest Division and President of seven Boards of Engineers including "The Board of Engineers", the latter of which is charged, in addition to other important duties, with planning the defenses of the United States, and yet when the vacancy in the office of Chief of Engineers came to be filled, the rights of Colonel Robert were ignored and the promotion given to Colonel (now General) Wilson, his junior by three years.

(4) For the past five or six years Colonel Robert has held the most important positions in the Corps (except that of Chief), having been President of never less than five Boards at any time, including all the time the most important one, "The Board of Engineers".

(5) If Colonel Robert is not appointed Brigadier General he will be the only one of those now in the Army of the Military Academy class of 1857, and of the class below his, who has failed to be rewarded with that honor, except Major Warner, who retired in 1887 when promoted from a Captaincy. If Colonel Robert fails to be made a Brigadier General he will suffer as the result of having graduated in the Corps of Engineers.

(6) Colonel Robert's appointment injures no one as it opens the position of Chief to those below him five months earlier than if General Wilson does not retire in his favor.

MEMORANDUM OF SERVICES OF COLONEL HENRY M. ROBERT.

Colonel Robert has been in the Army ever since July 1, 1853, graduating the Military Academy July 1, 1857, when he was commissioned as an officer in the Engineer Corps. While still a cadet in 1856, at the age of 19, he was detailed as Acting Assistant Professor of Mathematics and at the age of 21 he had the entire charge of the instruction of the West Point graduating class in Practical Military Engineering. The next two years he served with General Harney in the Department of Oregon. In 1859 he was the Engineer Officer with the troops fortifying San Juan Island during the difficulty with the English about the Boundary. In 1860 General Harney placed him, when a Second Lieutenant, in command of an exploration, which had failed, saying he would never believe it impracticable until Lieut. Robert said so. He did not find it impracticable. He returned to the Atlantic Coast in time for the breaking out of the civil war, serving in the defenses of Washington until on account of ill health he was placed on duty constructing fortifications.

He continued at this work until the close of the war, and ever since that time has been in continuous service on the various duties assigned Engineer Officers on the Atlantic and Pacific coasts and on the northern Lakes.

During the last five or six years Colonel Robert has been President of The Board of Engineers for Fortifications, which has the duty of planning the defenses of the United States on the Atlantic, Pacific and Gulf Coasts; President of the Harbor Line Board for New York and vicinity, which has during this time recommended modifications of about fifteen miles of harbor lines to adapt them to the needs of modern shipping, and acted upon the various bridges from Manhattan Island; President of the Board for Examination of Engineer Officers for Promotion; and Division

Engineer of  
1895 and 1896

MEMORANDUM OF SERVICES OF COLONEL HENRY M. ROBERT.

Colonel Robert has been in the Army ever since July 1, 1853, graduating from the Military Academy July 1, 1857, when he was commissioned as an officer in the Engineer Corps. Princeton Ill. Apr. 15<sup>th</sup> 1901.

Major Genl O. O. Howard Pres<sup>t</sup> A. H. M. S.

Dear Sir & Brother -

I have rec<sup>d</sup> the March & April numbers of the Home Missy Society Journal & read them with great interest. As an Oppositee of the Home Missionary Society under the supervision of Drs. Badger & Asen. D. Smith in 1868 I of course feel an special interest in the Society & in its approaching Diamond Jubilee. I did not engage in the Home Missionary work under the auspices of the A. H. M. Society - though requested to do so by Rev. Aratus Kent of Galena then Dist. Supt for the State. But soon had a call to Dover near home - which Church was then under the Com. A. H. M. S.

427

The Down Church in a few  
 months. became self supporting  
 & so my relations to the Home Missy  
 Society have been rather nominal  
 than actual during these more  
 than 50 years - but I have never lost  
 my interest in the cause from that  
 day to this. During my two pastorates  
 of over 14 years & my Superintendency  
 of the Am. Bible work in Ill. for 29 years  
 I have ever had a warm interest in  
 the great work of your Society & have  
 contributed as I have been able,  
 I desire to have some small share  
 in this jubilee offering & send herewith  
 a cheque for \$10. & wish it was  
 ten times as much - Wishing you  
 & all your co-workers a joyful jubilee  
 I remain as ever Yours very truly  
 E. S. Smith.

450

P.S.

It may be of interest to you  
to hear from the Princeton Congl  
Church where your brother Rev R.B.  
labored several years very suc-  
cessfully. ~~for~~ The Old Hampshire  
Colony Congl Church has just cele-  
brated its 70th Anniversary with  
great interest & enthusiasm -

You are doubtless aware that  
this Church is the pioneer Congl  
Church in Ill. & in all West of Chicago.  
So we claim no small prestige  
& honor as the leader of such a host.  
Rev. Susan Farnham the first pastor  
who came here in 1833. was a Home  
Missionary pioneer - Your Society had  
the privilege of aiding this Church through  
its pastor for a few years perhaps 4 or 5 years -  
So you can rejoice with us in this fact &  
we most heartily congratulate you & yours truly. E. G. S. with

GEN. O. O. HOWARD,  
Managing Director,

# LINCOLN MEMORIAL UNIVERSITY, 233

PRINTING DEPARTMENT,

MARK W. BAILEY, Superintendent.

Cumberland Gap, Tenn., APR 15 1901 190

General O. O. Howard,  
New York City,

My dear General Howard:-

Your letter arrived this morning. We shall endeavor to have creditable exercises at Commencement, and shall do our best to bring about this result. In one thing we are firm, that it is to be a Commencement for the whole University and we do not intend to have any strife between different departments, or any divisions of any kind; with a little care this can be done, and the result will be far more satisfactory than it would be otherwise.

In regard to the letter of invitation you wish sent to the Directors, I wish to ask if this suggestion meets your approval. Prof. Bowman and I are the members of the committee having the program in charge. Would it be fitting for us to write the letter, stating our program, and urging a full attendance, at your request. If that suggestion seems to be a good one we shall be glad to attend to the matter in this way or in any other way which seems

to you desirable.

You make no mistake when you depend on Mr. Hughes in regard to the future of this Institution, for I know he has its welfare very much at heart.

If at any time I can serve you or the Institution, you will command me.

With great respect,  
T. G. Pasco.

319 Carlton av.

April 15<sup>th</sup> 1901.

Paul A. Howard

~~My Dear Sir~~ <sup>and</sup> Brother.

I hope you are in good health after your trip to New-Jersey - and will be with us to-night - as per program.

If you expect a suggestion from me at the service to-night I need say only this that "Loyalty" is a good soldier word <sup>and</sup> "Captain" is equally good. and "Church" gives the field of activity and object of devotion.

That's what we need at Parkville. Loving loyalty to Christ for the Church.

My desire is to have it a pleasant popular meeting but also just as practical as possible and with definite results. Your personal experience on the field

*[Faint, illegible handwritten text, likely bleed-through from the reverse side of the page.]*

394

and on the march and in school building, will easily and warmly point in the way I suggest.

But please dear General do not be hampered by these hints. Be entirely free if you have your own plans.

Dr. Kent gave us a strong earnest word last night on "Confessing Christ".

Some I know are to join the Church in May - There are many others who ought to do so.

And I have come to think a great gain - a big victory, to get a professing Christian and Church member somewhere - to bring a letter and join us. Other ministers say the same.

If you wish me to come for your Telephone message to 3082 Main  
Fraternally W. P. Welch.

*[Faint, illegible handwritten text, likely bleed-through from the reverse side of the page.]*

25

GARROLL HALL,  
PATERSON, N. J.

Dear General Howard

It gives me  
pleasure to enclose

386  
BOSTON. April 16th, 1901.

General O. O. Howard,  
150 Nassau Street,  
New York, N. Y.

My dear General:-

I received your letter of April 12th. In it you say that if we can have the Bowdoin meeting the 3rd of May, that is, Friday night, you can be with us; that you are to be here to speak at a meeting in Malden May 2nd. I have decided on account of this letter of yours to change the date of our meeting to Friday night May 3rd, and this is for the purpose of having you present as our special guest. I shall advertise you as such in our notice of the meeting, and I think that the club will be delighted especially to hear you give some personal reminiscences of the prominent generals and great battles of the war in which you were engaged. It will be a great pleasure to me, as President of the club, to have you present.

I thought I would write General Chamberlain and tell him that you were to be here, and ask him if he would also be a guest of the club on the same evening. I feel sure, of course, that you would be glad to see him, and I should like very much to have you two men present at one time as guests of the club.

I expect to be in New York the last of this week and shall come round to see you, but you won't let anything stand in

Dear General,

In answer to your  
favor 14<sup>th</sup> inst. I enclose check  
for \$10<sup>00</sup>, on the theory that  
something is better than  
nothing. - I regret that  
my circumstances are such  
that I cannot make it  
more, at this time.

With best respects I am

Very truly yours  
J. P. Moore

Dear General Howard:

Yours of to-day is at hand, and I am very much obliged to you for writing that letter. I have been on the go so that I have had no time at my disposal, but as I have only two weeks and two days more to serve, I hope after my retirement to be able to see you.

Very sincerely,

Henry M. Robert

My Dear General and Comrade:-

As chairman of the committee on Camp Fires of the next National Encampment G.A.R., to be held in Cleveland, I am ambitious to give the comrades the best, real genuine Camp Fire that they ever enjoyed. I do not propose any person shall have a place on the program simply because he wants it, or to gratify any ambition; but I want a dozen of the best twenty-minute Camp Fire talkers that were ever heard from the same platform, and to accomplish my purpose I need your assistance.

I trust you will be present at the National Encampment, and I respectfully ask you to permit me to put your name on the program for a twenty minutes talk. There will probably <sup>be</sup> two or three Camp Fires aside from this main one at which you will be expected to give a little talk. Kindly gratify me and all the comrades who will be in attendance by giving me a prompt and favorable response.

Sincerely yours in F.C. and L.,

To Gen. O. Howard, U.S.A.,  
Bennington, Vt.

Mr. H. S. Howard,  
150 Nassau Street,  
New York, N. Y.

Dear Mr. Howard:-

Your letter of 13th inst. is at hand. I am perfectly willing to extend the time limit of your father's contract with us to August 15th, or even until September 1st. if it should be necessary. I should be sorry to have him work under the disadvantage of feeling that he did not have sufficient time to do the work just as well as he would like to see it done. I suppose that his real work on the book will not begin until he is settled in his Burlington home for the summer. By devoting most of his time to it during the summer, he will probably be able to finish it by September 1st. Even if he should not have it quite ready at that date, say to him for me that he needn't worry one particle about it.

Believe me to remain

Very sincerely yours,

*A. D. Worthington*

Major Gen. Howard  
New York

My dear Comrade,  
The fifty four Corps of the  
G.A.R. in New York wish you to preside  
at the Memorial Exercises on May 30<sup>th</sup> at  
8 P.M. in the Metropolitan Opera House.

Resolution unanimously adopted at  
last night's meeting of the Memorial Com-  
mittee to this effect.

Hoping that you will thus honor your  
old comrades and with assurance of  
high personal regard I am as always,

Yours in F.O.L.  
J. A. Goulden  
Chairman  
G.A.R. of N.Y.
