My Dear General,

You are in a better position to inquire into the condition of The Hartford Life Agency than I am. I wish to suggest that you do so. It is your responsibility. I will suggest the reason. You will have noticed that our payments are continually increasing. This will be due to the fact because they have gone back to the old level. Policy please.
I fear this will not help
us or save the company.

I see by the report of
the Board. Inspector
that there has been a

sum of $11,000 in
the years 1898-1900 in our
branch. In other words
if I understand it
that amount of policies
have expired. It is
reasonable to suppose
that it is the younger
policy holders who
have drawn out.

There were last year
20 in our branch
insured for $9,000 for
which the company
held a reserve of only

one million a half.
What I want to know
is, whether we have
any claim on their
old live reserve or
whether their reversion
insurance is what
I think they call their
mechanical branch,
A brown mail ten
cents a minute insurance
does as any good?

The question is whether
we had not better
note right now
save our increasing
quarryy payments.

Sincerely yours

Thomase B. Browne

Gen. O. P. Howard, Esq.,

Dear Sir,

I have become very much interested in your work at Cumberland Gap, as presented by our old time friend, John Haleby, who has been with us at times during his stay there.

McLarn's unique and original methods of teaching have long been noticed and admired, and this work does deserve to be particularly carried.

I am interested more especially in the girls, and in the project of the building for them. Mr. Long's scheme for the one hundred memorial sums struck me as a work that should commend itself to the women of Massachusetts, or any state, for that matter.
and I feel interested enough to see what I can do.

I am a member of the Medical Women's Club, and that club and every other one in the state almost had a Social Service Committee, and I am to present this work to them and see what can be done.

This does not mean that I should not work otherwise, but I do desire to have this a woman's work.

My daughter, who is an old pupil of Prof. Ladd, Mrs. Robert G. Harris, will give a reception at her home. to which I learn you have kindly consented to be present, and that will be followed by others. with I hope give results.

Some other pupils of Prof. Ladd are about us and we all suffer in the desire to help along the work.

I am a busy worker and am the time spent in this work must necessarily be taken from other work. but it acc. a and maggy
people and the rain strength it might be wrong while it makes it seem that an object to me particularly as he declared that I should come down to the commencement and see if a department in the art of dealing dressmakers could not be organized so that I should submit a teacher to save the money to keep the offenders, all of which I am more than delighted to do. Provided you think well of it, have seen you on your visit to Boston, and can think more fully explain my plan of work.

The son of your cousin. (Mrs. Pearl Martin). Mr. Tom P. Martin is my favorite neighbor. So be Starke and all this work is being talked over daily and a
Plan for something to be done here in medicine is being formed.
I hope that you are feeling better than when we last saw you.
I trust that the plans for May 20th will not miscarry.

Very sincerely,

Frank E. Cleaney.

Dear Gen. Howard:—

Your favor of the 13th. is at hand.

I wish I could respond with a check but I can only give such as I have.

Now you will doubtless be here at the Jubilee Meeting of the Home Missionary Society in May. Can you not be at our church the following Sunday (May 19th) and speak in the evening? I am quite sure a large audience would gather and we would take up a collection for your University. Your good friend Mr. Blanchard has gone to wait for you in the Home above. I hope you remember my little home at 41 Dana St., Cambridge, and my good wife and daughter. They gratefully remember your little visit. My daughter will always be glad that she was able to give you some little attention.

Now we should all like to have you come to our house, on this occasion make it your home.

We think we can make it comfortable and pleasant for you.

The following Tuesday May 21st. our church propose to give a Reception to missionaries and to the general officers of our Home and Foreign Societies. It shall send you a formal invitation to this Reception and I hope you will find it convenient to be present, and you will meet there many of your warmest friends, besides those in our church.

Yours sincerely,

Dear Gen. Harwood,

Your kind letter of 18th at hand with your good recommendation for my son, Nelson, Mr. Eager join me in expressing our sincere thanks for your kindness.

Several of our friends here, who are personal friends of our Congressman, Mr. Browning, have written to me requesting him to recommend my appointment. They have also written to him, and today I send him a copy of your letter.

Nelson informed me that upon examination when he enlisted, he was ranked a non-commissioned officer, his drill and the information acquired while at the State University must have helped him.

I have today written to all our directors, asking them to assist me in paying all our debts before our annual meeting takes place.

Everything is moving nicely here, trusting this will find you improved in health. I am sincerely yours, Chas. F. Eager.
