Dear Sir,

Answering yours of the 24th, I note what you have to say. I think you have misunderstood my letter. I feel sure that General Howard would have understood it because of former arrangements that we have made with him. The first letter that came from him this year was that we were to offer him the usual honorarium and as I remember it, that arrangement was one hundred dollars out of which he paid his own expenses. Your second letter came and it looked to me as if you desired for the General one hundred dollars and in addition his travelling expenses and entertainment, and you also said that it would be difficult for the General to remain so long at Cincinnati. We have advertised him for Sunday, July 7, and we feel sure that he will want to keep his engagement. It would be a great disappointment to us as well as a matter that would be misunderstood.

As I have said in my former letter, we want to do just exactly what seems right. We will arrange for his being at Cincinnati Sunday, July 7, and on account of the fact that he desires extra time for his work, we will not urge him to remain over Wednesday, unless he can easily. Now this letter is to ask you whether we are to pay you one hundred dollars for this address on Sunday, and in addition to the one hundred dollars to pay the General's hotel bill and travelling expenses, or is ^{it} to be as we understood by the first letter and which we believe was the arrangement at the Nashville Convention, that one hundred dollars is to be the amount that we pay the General and he will make his own arrangements about hotel bills and travelling expenses.

I notice the General is here in the city ~~at~~ present and was yesterday, but we do not want to bother him with these matters and feel sure that the arrangements can be made with you and if it is to his entire satisfaction, it will certainly be to ours. Please let me hear from you by return mail.

Dear General Howard,

Thank you very much for your very kind letter of the 26th. We have you scheduled for a Sabbath Observance Meeting on Sunday afternoon, July 7. There are two other speakers besides yourself, Rev. David James Burrell, D. D., of New York City, and the Rev. F. D. Power, D. D., of Washington, D. C. This meeting will be held between four and five o'clock in the afternoon.

Sunday morning and evening the pulpits of Cincinnati have been placed in our hands and the appointments are to be considered part of the convention programme. Would you care to speak morning or evening, or both? The fact that you speak in the afternoon, it would seem to me to be altogether too much to ask you to speak both morning and evening, but maybe you would be willing to speak either morning or evening, in addition to your afternoon appointment. This arrangement will enable you to get away Monday if you desire, and we are very grateful indeed to have you come to us and know that our Endeavorers will appreciate it greatly.

Yours cordially,

John Willis Baer

My dear General:-

I am in receipt of yours with enclosure, which I return.

I enclose you a letter which I received from Mr. Larry last night. What by the terms of his letter he seems to have discovered were the things that I told him when his shattered columns entered this town: First. That the authority-and with it the responsibility, should be vested in one man. Second. That there should be a steadiness of purpose- a settled plan. Third. That he should not give heed to every wind that blows. Fourth. That there should be a reorganization of our boards, both of the institution itself, and of the auxiliary committees in the various towns, in order to secure the names of some people who would do some work. You see now that he expects to stay, and perhaps that is best; but I am afraid, first, that he will be a failure as a money getter; second, that he hasn't the energy and pluck that the situation demands.

I received a letter this morning from Meserve, recommending me to communicate with Rev. Lawrence Phelps, D. D., Pastor of the Congregational Church at Leominster, Mass., (brother of Elizabeth Stuart Phelps) whom he says is a man of literary tastes

and one also imbued with the true missionary spirit. He says: "I do not know that you could get him, but he would be a wise worker in such a position if you could".

Dear Mr. Achorn:

As I promised you I am writing you in regard to the situation there. In many respects, I find things much better than I expected. Mr. Myers and his backers have done their worst and have expended all their ammunition.

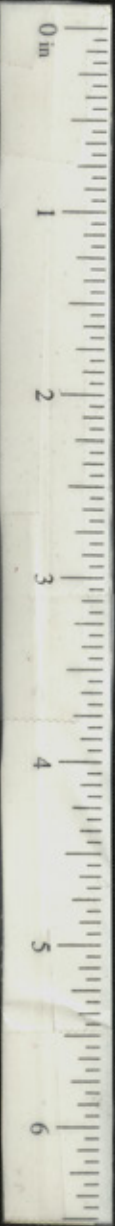

People who sympathized with him are finding out the fact that his guilt is undoubted and the petition that was circulated could not find a sponsor to-day. Many realize that they have endorsed corruption and thus ~~have~~ brought a stain on the honor of the vicinity. Before this petition was put forth I would gladly have retired from such a field and circumstances, but I cannot do so now. My own honor and that of the School
