

My dear Gen. Howard;

I herewith return you the Inf. you favored me with; but the accompanying letter shows how long it was before I received it.

I wished it might have circulated. If I recall my thought was to let the "Advance" have it. But it was kept back by the office at New York whether purposely or not I am not sure though it looks that way to me.

I feel very strongly and very sadly about the evident planning and manipulation of the enemies of God and His truth within our denomination.

Twenty years ago the Antislavery theory was pro-
pounded and now we have practically open
and avowed Universalism in high place
in our denomination.

I have no idea the rank and file of our Churches
feel that way but it is past concealment

[Faint, illegible handwriting on lined paper, possibly bleed-through from the reverse side.]

that many ministers are disloyal to God's truth.

I am rather glad than sorry that the seed has ripened so fast or rather I think it may conduce to the downfall of the enemies of God's truth that so much and so far they are coming out of their hiding places. A frank avowal of the beliefs or tendencies of some & I fear many men would shock our churches & our land.

"But 'He that keepeth Israel' neither slumbers nor sleeps."

In Him is our hope and our help. Just what our part is is however to me a question.

I am hoping to be in Vermont soon for a little vacation for I was five years pastor at the little village of Roxbury amid the Mts.

I should like to meet you and talk over these things but that may not be considered desirable by you. I seem sometimes to myself to be as Elijah of old seemed to himself alone.

I beg pardon for such tardiness in returning the Mf. It has been put off.

I do not think the New York office would like

to publish anything along that line.

Why then should be such fear of offending
heresy and none of so little of offending ortho-
doxy I do not know unless heresy is considered
strong & truth weak. I think God knows
the gifts for Christian work have come largely
from those who have believed God's word.

For one I am to say the least shy of fin-
ing where I distrust faithfulness to God & His
truth.

I am interested now in the work
of the Bib. Soc. Surely we can send out
copies of God's own Book of revelation.

God bless you my brother and give you
wisdom to honour Him and may the joy
of the Lord be your strength.

Your Humble brother,

Malan H. Wright,

purpose soon.

Genl. C. C. Howard:-

My dear, good brother:-

Your note to Ella
is just received. She wrote
to you about Rowland, un-
known to me, else I should
have advised her not to do
so. She does not realize
how many calls you have
upon your time and sym-
pathy. Please do not trouble
about him, only sometime
when you feel like it, write
him such a letter as

his father would have done.
He must look out for a
situation himself. There is
work enough in the world
to do, and he must find
out what part of it he
is capable of doing, and
do it.

I have just returned
from a trip to Ohio. Not
much of a journey for ~~you~~
a traveler like you, but
for me, I felt I was a
long way from home -

My brother Henry, whose
home is in Askalosa,
Kansas, invited me to meet
him in Dayton, Ohio, where
he and I lived a long
while ago. I enjoyed it

much, and on my way
home, visited Frank &
Lucie. Ethel & Helen are
there so there was quite
a reunion. It was all
very pleasant.

We hope we may see you
in Leeds in Aug. if we
do not have that pleasure
before. If I could have
stayed over a few days
longer in Andover, I could
have seen you in Lawrence
on Memorial Day. Perhaps
you can run up here after
that. - You know we are
more than glad to see
you at any time -

With love to yourself and
family - Affly Helen G. H.

Dear Gen. Howard:

Your kind favor of the 27th inst. received, and contents noted.

In re letter head may I suggest your name with title President with or without adding as you may prefer, Board of Directors, followed by my own name, Rev. Frederick Burt Avery, M. A., LL. B., Vice President and Managing Director, instead of the name of Col. Adams, name and address of Darwin R. James. Also would suggest the name of Mr. James to head the list of the advisory board and the name of Edgar O. Achorn; #51 Tremont St. Boston. Other names may be added as you may suggest, or after we confer later. What would you think of interlining in the title above the cut, the word "living", so as to read "A living monument to Abraham Lincoln", perhaps that line being in lower case."

If you think it advisable also, add your address to your heading under president, etc., also my address, and E. P. Fairchild's address, Berea, Kentucky.

I am delighted to know that you had large audiences, and more especially that you are well. I feared lest the sudden change of temperature would cause you to catch cold.

I received a letter this morning from my son who said that the Military boys were enthusiastic on the subject of Lincoln Memorial University, and that they had wired you greetings, and a gift of a scholarship. He says that he will collect it soon, and send it to me, whereupon I will send it with pleasure.

On receipt
of your letter I com-

may be something coming
back in the form of royalty.

If it meets with your
approval I will call on

Memorial Day 1901

We are accustomed to
think of those gone be-
fore us on this day
with sadness. If we
could see our loved ones
we would be happy.

Yesterday I read how
an eminent oculist in
Vienna has succeeded
in making a blind
child see. It was done
by gradually increasing
the different lights - etc.
etc. Now God has given
us much light - all He

has made was made for us.
The laws - the law - was made
for us - if we, as free agents
disregard it - He in, even
His omnipotence - can not
undo what we - and those
before us have done - But
the law and He and all
creation is there just the
same. - - - We decorate
the places where the remains
of our loved ones lie sleep-
ing - we sit down and
weep! Blessed tears! And
again: "but", is it wise to
weep? I mean to sort of

make a business or practice
of it? There is nothing that
saps the vitality as much
as it. "I can not help it":
is the excuse. Poor women
have lost their eyesight
for the rest of their lives.
just from crying. The
dear ones who, perchance,
can see us - even if we
can not see them - may
be very happy to have left
the cumbersome bodies be-
hind and to enjoy the
glorious freedom with-
out it. Perchance they
are the beautiful thoughts
that come to us - or ~~or~~ they

I wonder, if we could not
develop soul-sight-like
the child, treated by the
devoted, noble doctor?!

The last century was the
one of inventions - this
one ought to be one
of progress in the
lines of becoming
better of going back
so to speak to the
place where we ought
to be. "The noblest of
God's work"! In His
likeness"! I passed a
lot of men - in striped

6.

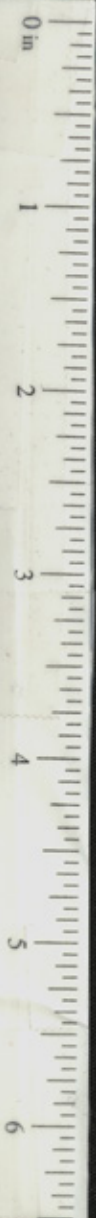

suits — ah! how much sadder than to pass a funeral train! They were the outcome of circumstances — inheritance etc.

Who is better in our Father's sight the one who ~~con-~~
~~tributed~~ by oppression,
by violating His laws
drove the poor convict
to the felon's cell, or
the poor victim? Oh!
re-formation must be-
gin in the right place.
"Shunning" is not only

to be done in the "shuns",
I believe the worst "shuns"
are often in "the Clubs" or
palaces. — — —

Do not weep — may be Guy
is one of God's ^(of love and peace) messengers.
I sort of feel that he is
much happier than you
or his dear mother can
possibly wish him to
be —

Yours —

My Dear General Howard.

Thanks for your interesting letter. It would have been a delight to have been with you at the dedication of the ground for the "Dormitory". I have also had a nice letter from Rev Mr. Tracy - but I regret to see that my name was given out as the donor - and in print as per slips sent to me by Mr. Tracy. I hope you remember that, that was a point on which I laid stress, having particular reasons for requesting the contrary - for the present it should be sufficient that the same money and the same has been provided, and in good time name of the building and of the dorm will be announced.

I hope further publicity will be prevented. I will send check in a few days. Of course some provision should be made that the money should only be used for the Dormitory - but just have that can be secured

526

may take a lawyer to decide - the amt could be
put in some Trust so who would pay some interest
on what stood in their hands - but in case of your
death, and the money being to your credit - would that
not make a complication? Long may it be my good
friend before such a fate be yours.

Please excuse these hasty lines, as I
wanted to let you know as soon as possible
about keeping some out of the paper.

Ever cordially yours

the Lord seems to lay before us, & do it
well - leaving the results to Him & thus
fitting ourselves for any higher calling
