My dear Sir:-

I am taking the liberty of mailing to you under separate cover a set of the advance proofs of "When Boys Were Men," a story of the Civil War, by John Habberton, author of "Helen's Babies." It will be printed by a newspaper syndicate in serial form this summer, and in book form in the late autumn.

This story appears to me to be a singularly faithful and natural picture of a phase of the Civil War. Mr. Habberton writes of war as he saw it. The story has some fine characters, stirring scenes and rare humor, and gives every evidence of the good will which really existed, as we well know, between the fighting men of the North and South.

I hope that you will take the time to read it, believing that you will enjoy it. If you will send to me a few words of comment, after reading it, I will be grateful. I do not disguise the fact that I am trying to help Comrade Habberton. If the story be well introduced to the public, I am sure that it will be a great seller; it certainly has rare merit.

Very respectfully yours,

Geo. L. Kilmer

My Dear General:

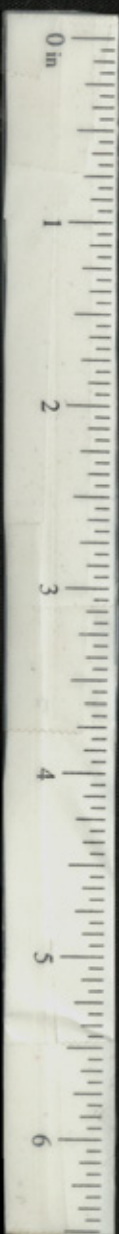

The continued agitation of the question as to the merits and demerits of the "Army Canteen", tends to unsettle the minds of many good people who would be glad to know which is the right and righteous side on which to cast their lot.

I am constantly brought in contact with some of these people, and I have been asked repeatedly, "Where does Gen. Howard stand on this question".

I have expressed my belief as to how you stand, but I would like to know positively what your views are concerning it, and I trust it is not taking too great liberty to ask for such expression, in view of the confidence had in your judgement concerning matters respecting Army life and measures, and particularly to those things pertaining to the morals of the men.

Respectfully and sincerely yours,

Dear General Howard.

I returned to N.Y. late last evg. Among the letters awaiting me was yours enclosing Cheque for \$1100.00, to my order as Treas^r. of Lincoln Memorial,

I have endorsed it over to Mr. Eager & mailed same. I also found a delightfully enthusiastic letter from Mr. Avery.

He is so much in the spirit of the work that I think he must be successful. How Providential!! It is simply wonderful how we were all agreed upon him should be was willing to accept when it seemed as though you must be relieved of the overwhelming burden.

Mrs. James & I visited quite a number of the schools of the Board of which she is President & I left her at Asheville, N.C. where she is remaining over to attend upon Commencement Exercises of two of the larger girls schools, - some 420 girls in the two. They have 40 schools among the mountaineers. Yours respectfully
D. R. James.

Dear General Howard:- Since our Commencement Week was over students and others have gradually gone away and the place is unusually quiet. - I am hoping to go north as soon as it is practicable for me to do so it being my intention to spend July and August in eastern Massachusetts. While I am there I hope to do something in aid of the financial interest of the University. - Mr. Avery and members of the board seem to think that such work would be acceptable.

I would like to ask for some statement from you concerning the work and needs of the University, something that I can use in gaining attention to the work. - Everything about

I have resigned to take effect Sept 1. - Meanwhile

Dear General:

I have returned from my very enjoyable visit to Lincoln Memorial University. I am glad that I went and am more than ever interested in it. I shall send you the \$50.00 as soon as I return to N.Y. which will be in a few days. I am spending the remaining days of my sick leave here with my family. By recent orders I am directed to report for temporary duty at San Francisco at the completion of my sick leave, in connection with the mustering out of volunteers. This order is not very clear to me as it does not order me to proceed from my present station, nor does it allow transportation. I have written to the Surg. Gen.

for information. I think however that it should be taken in connection with a previous order directing me to accompany a Battalion of Engineers from Willets Point - San Francisco and thence to Manila. This order was issued about two months ago, or before my sick leave was granted. The Battalion will leave on the 17th, my sick leave will not expire before the 20th, but I would be willing to give up the few days, if it is the desire of the Department that I accompany them.

As soon as I learn definitely, I shall write to Col. Black the C.O. at Willets Point, asking for transportation for my family and trust that it will be granted. If you can help me in this, I will thank you very much. With love, my dear General, I remain
