Dear Sir:-

*You did not send any abstract  
on Boxes 1 or 2.*

We have gotten Mr. Stoltenberg to consent to the proposition made by Gen. Howard in his last letter and we therefore forward deeds for execution and return. The proceeds of sale \$1500.00 less a half commission, cost of completing abstracts etc. will be sent on as soon as we can get the deal completed. Mr. S. is very slow and does not talk English very well and it has been quite a job to get him up to the point of making an offer and buying the land. I think we can make the present abstracts do by completing them to date, though Mr. S. refers all such matters to his Attorney.

Dear Sir:-  
We have before Mr. Stollman's consent to the proposition  
made by you. Howard in his last letter and the statement therein  
for execution and return. The proceeds of his \$1500.00 loan a half  
contribution, most of something substantial. Will be sent on in soon  
as we can for the best completed. Mr. E. is very slow and does not  
finish very well and it has been quite a job to get him to the point

sit statement as by completing them to date, though Mr. E. is slow all  
which we have to the attorney.

Dear General Howard:

Please may I write  
you before I leave Tennessee  
for a new field of work?

Last May, as you  
know, I was reelected  
teacher by the L. M. U.  
Board. For the honor  
conferred allow me to ~~say~~  
say I am very

grateful. It would be  
an agreeable task to  
teach for those by whom  
my efforts are so fully  
appreciated. But, Gen.  
Howard, let me tell  
you why I resign.

At Grant-Lee I was  
paid \$20.00 and my  
board-and-keep each  
month. It was enough.

I tell you the truth  
when I say that if  
I could have given

to the school. The past  
two years I should have  
done so. I love our  
mountain children!

Now to the why-leave.  
I wish to go soon to  
one of the Eastern col-  
leges to take a course  
in English. In Miner-  
al Wells, Texas, I am  
offered \$50.00 and board  
per month. The desire

I am,

very respectfully,

Fanny C. Fulkerson.

For a month my address  
is Nashville, Tennessee,  
Box 457.

August 1, 1901.

to go to college has made  
me say that I shall accept  
the Texas offer.

Some day when I have  
learned more may I not  
go back to your school?

I shall always pray  
God to bless you and  
your work.

With the assurance  
that your kindness  
will ever be a  
pleasant memory

My dear Friend:-

We were both  
very pleased to have  
the photo, and want  
to thank you for send-  
ing it. Think it very  
good only a bit too serious.

How have you stood  
the hot weather?

Didn't you find too  
hot to even dictate?

Let us hear from you  
when you can spare  
us a little time.

With kind regards  
from us both -

Aug-2-1901 - Very sincerely

Frances M. Chamberlain

To please me.

Fred has just re-  
turned from Birmingham  
where he was in  
camp a week and  
is now working harder  
than ever. Has been  
obliged to put off his  
trip to the West on ac-  
count of work here.

Cumberland Gap, Tenn., Aug. 3, 1901

Dear General:-

I presume Rev J. B. Avery, the new Mgr. Director has written you of his visit here and the meetings of the Coms. As I have written you of matters here of late, I am glad to write again and say that Mr. Avery's visit has resulted in some good.

Work is now going forward on the matters pertaining to the masonry, i.e., on brick making, lime burning, clearing away of debris. Baumann Bros. ~~has~~ of Knoxville have been engaged to furnish plans and specifications. The Mr. Baumann who came out here seems to be a fine gentleman and to thoroughly understand his business. I was hoping that Mr. Howard of N.Y. would furnish the specific-

fications but he wrote that he  
was too busy to.

I am very much chagrined  
at my treatment in the machine  
matters. I would have had the  
lumber all sawed by this time,  
and pretty well dried in the  
hot sun we have had, but  
they seem to think I am head-  
strong. The fact is, they don't  
understand "further" get their  
qualities. I am on a com-  
to investigate mill matters  
and report at the next  
meeting, last of August I  
think, and William Dutton  
will report on getting outside  
milling. The fact is I had,  
six months ago got very  
information. I have been  
working in faith and as  
you are not here I am  
somewhat careless in that  
line. I told the Com. that  
personally, I hoped they would  
not purchase machinery.

2

President's Office,  
LINCOLN MEMORIAL UNIVERSITY,

for every piece of machinery  
set up here and do to my  
care and the labor of my  
train. but I did not see the  
sense of paying out of our  
bordered \$50.00 cash for  
sawing alone, saying nothing  
of planning etc. When I  
could land a new mill  
here for 250. which we  
could use for future work  
or sell it at 1/2 price  
when we got through.

I thought I had 600. to  
spend for machinery, but  
I find Mr. Eager has 600.  
to keep as "infinitum".  
Never mind, the course moves  
on and we will get there  
yet and bye.

I expect the Dratts  
building will be worn  
down and some of the  
lumber used here in  
the country. I am, perhaps.

can be used in building small  
 cottages, which are very much needed.  
 I had hoped to put up a building for  
 my own use on the west end of  
 the 4 seasons foundations. The Ex.  
 Com. approved the plan if I would raise  
 the money needed. I thought I could get  
 that builder from Honolulu who  
 wrote you, who would study some  
 and superintend etc. I am something  
 of a builder myself and could plan  
 economically. Mr. Avery has suggested  
 that people might think I was looking  
 out for myself etc., so, of course  
 I shall stay where I am for the  
 present. Perhaps I can find  
 quarters in the new Dormitory  
 when finished. A house for myself,  
 such as I had put up at Hampton Va.,  
 would give some room for students  
 here. Still it would make extra work  
 for me, ~~and~~ so I am not at all  
 disappointed. I see Mr. Avery and  
 Mr. Larchet, who came with Mr.  
 Avery, do not encourage my going  
 into the field. They think that they can

LINCOLN MEMORIAL UNIVERSITY,

manage that part in Sept. and later.  
 very likely they can, if they go right  
 at it. I doubt very much if  
 Mr Avery can stand the strain  
 of constant travel and the changes  
 of diet etc. that are attendant.  
 Few men can stand it as  
 you do. I believe I can raise  
 money if I can get a chance  
 at people, but for awhile I  
 think I had better see what  
 others can do.

I shall have to visit N.H.  
 however and look out for  
 what little property I have  
 there and if I can do anything  
 on the way I will. I have  
 got some money for the  
 building lately by Christopher.

Since I started to write this  
 the mail has come in and  
 I have a great bargain  
 in mill machinery, 1/2 cost  
 but must be taken at once!  
 More than 1000. worth for 300.

My hands are tied. The bargain will  
 be lost if I follow out directions.

I expect to go through Burlington on my way

Can you give me a sketch of his appearance and bearing at the time ~~he appeared~~ you saw and assigned him his place at Hampton. in what way had you heard of him. I have your speech at Hampton on the Freedman's Bureau and his connection with it, but these points do not seem to be covered in it. Gen. C. C. Howard:

Dear Sir:

I have received from Mrs. Armstrong, the packet of letters from Gen. Armstrong, and whether she has done so or not wish to acknowledge your great kindness in compelling them so carefully. I do not think I shall want any of those noted but not sent.

Yours much dis-

appointed not to be able to tell  
you in New York, and because  
of not seeing you, have post-  
poned writing that part of my  
father's Life which deals with his  
relations to the Freedman's Beau-  
reau, tho' I have gone on beyond  
that.

Perhaps you will allow me  
to ask in writing a few of  
the questions which have  
puzzled me - and answer  
them at your leisure.

I do not quite understand  
the relation between the then  
military government and  
the Bureau - in particular,  
my father's relations to his  
military superior, who was

he was.

What were his duties, officially stated -  
is there an order given him by you, or were  
instructions given? How often was he to report  
to you, on what points?

Were there other men in the Dock-boarding  
your similar positions to his - if so, did  
their attitude and work differ from his?  
Were there others men in Dock-boarding coordinate  
positions with him at that time.

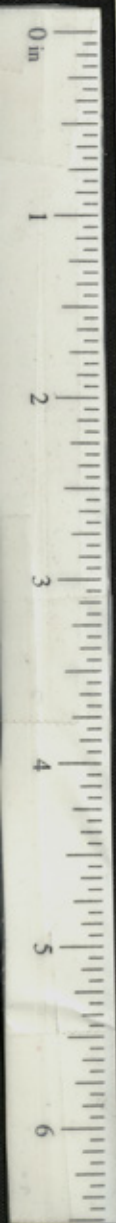

To hear that Gen. Howard  
thought Gen. Armstrong  
noble carries insight; the  
reasons for this opinion  
carry more, therefore any  
incident showing character  
markedly would be welcome  
to me. With thanks for your  
patience in reading this long  
letter, and gratitude for your  
kindness in the matter I am

Yours sincerely  
Edw. L. Talbot.

Gen. O. O. Howard,  
Burlington, Vermont.

My Dear Gen. Howard:-

I have just received your favor of 3rd inst. dated Chicago. I shall indeed be very glad to see you here, but the date you mention will be an exceedingly inconvenient one for me. My wife and myself were invited to spend a week at the shore with friends from the 13th to the 22nd inst, and that time has been set apart for, and accepted by us. The place is somewhat inaccessible, being some miles away from railway communication, and I could not possibly leave there and return short of two days. As my wife is something of an invalid, and this is the only outing we shall probably have this summer, and our plans were matured some time ago, I will ask whether you will not be going to or returning from New York by andby, and in that event would it inconvenience you to stop off at Hartford then? Or, I will go on to Burlington later on and see you there in case you are not coming down this way meanwhile.

But, if you prefer to see me here on the 15th or 16th inst., and will let me know at once, I will be here to see you, but shall be glad if the interview can be postponed a little. Kindly let me know.

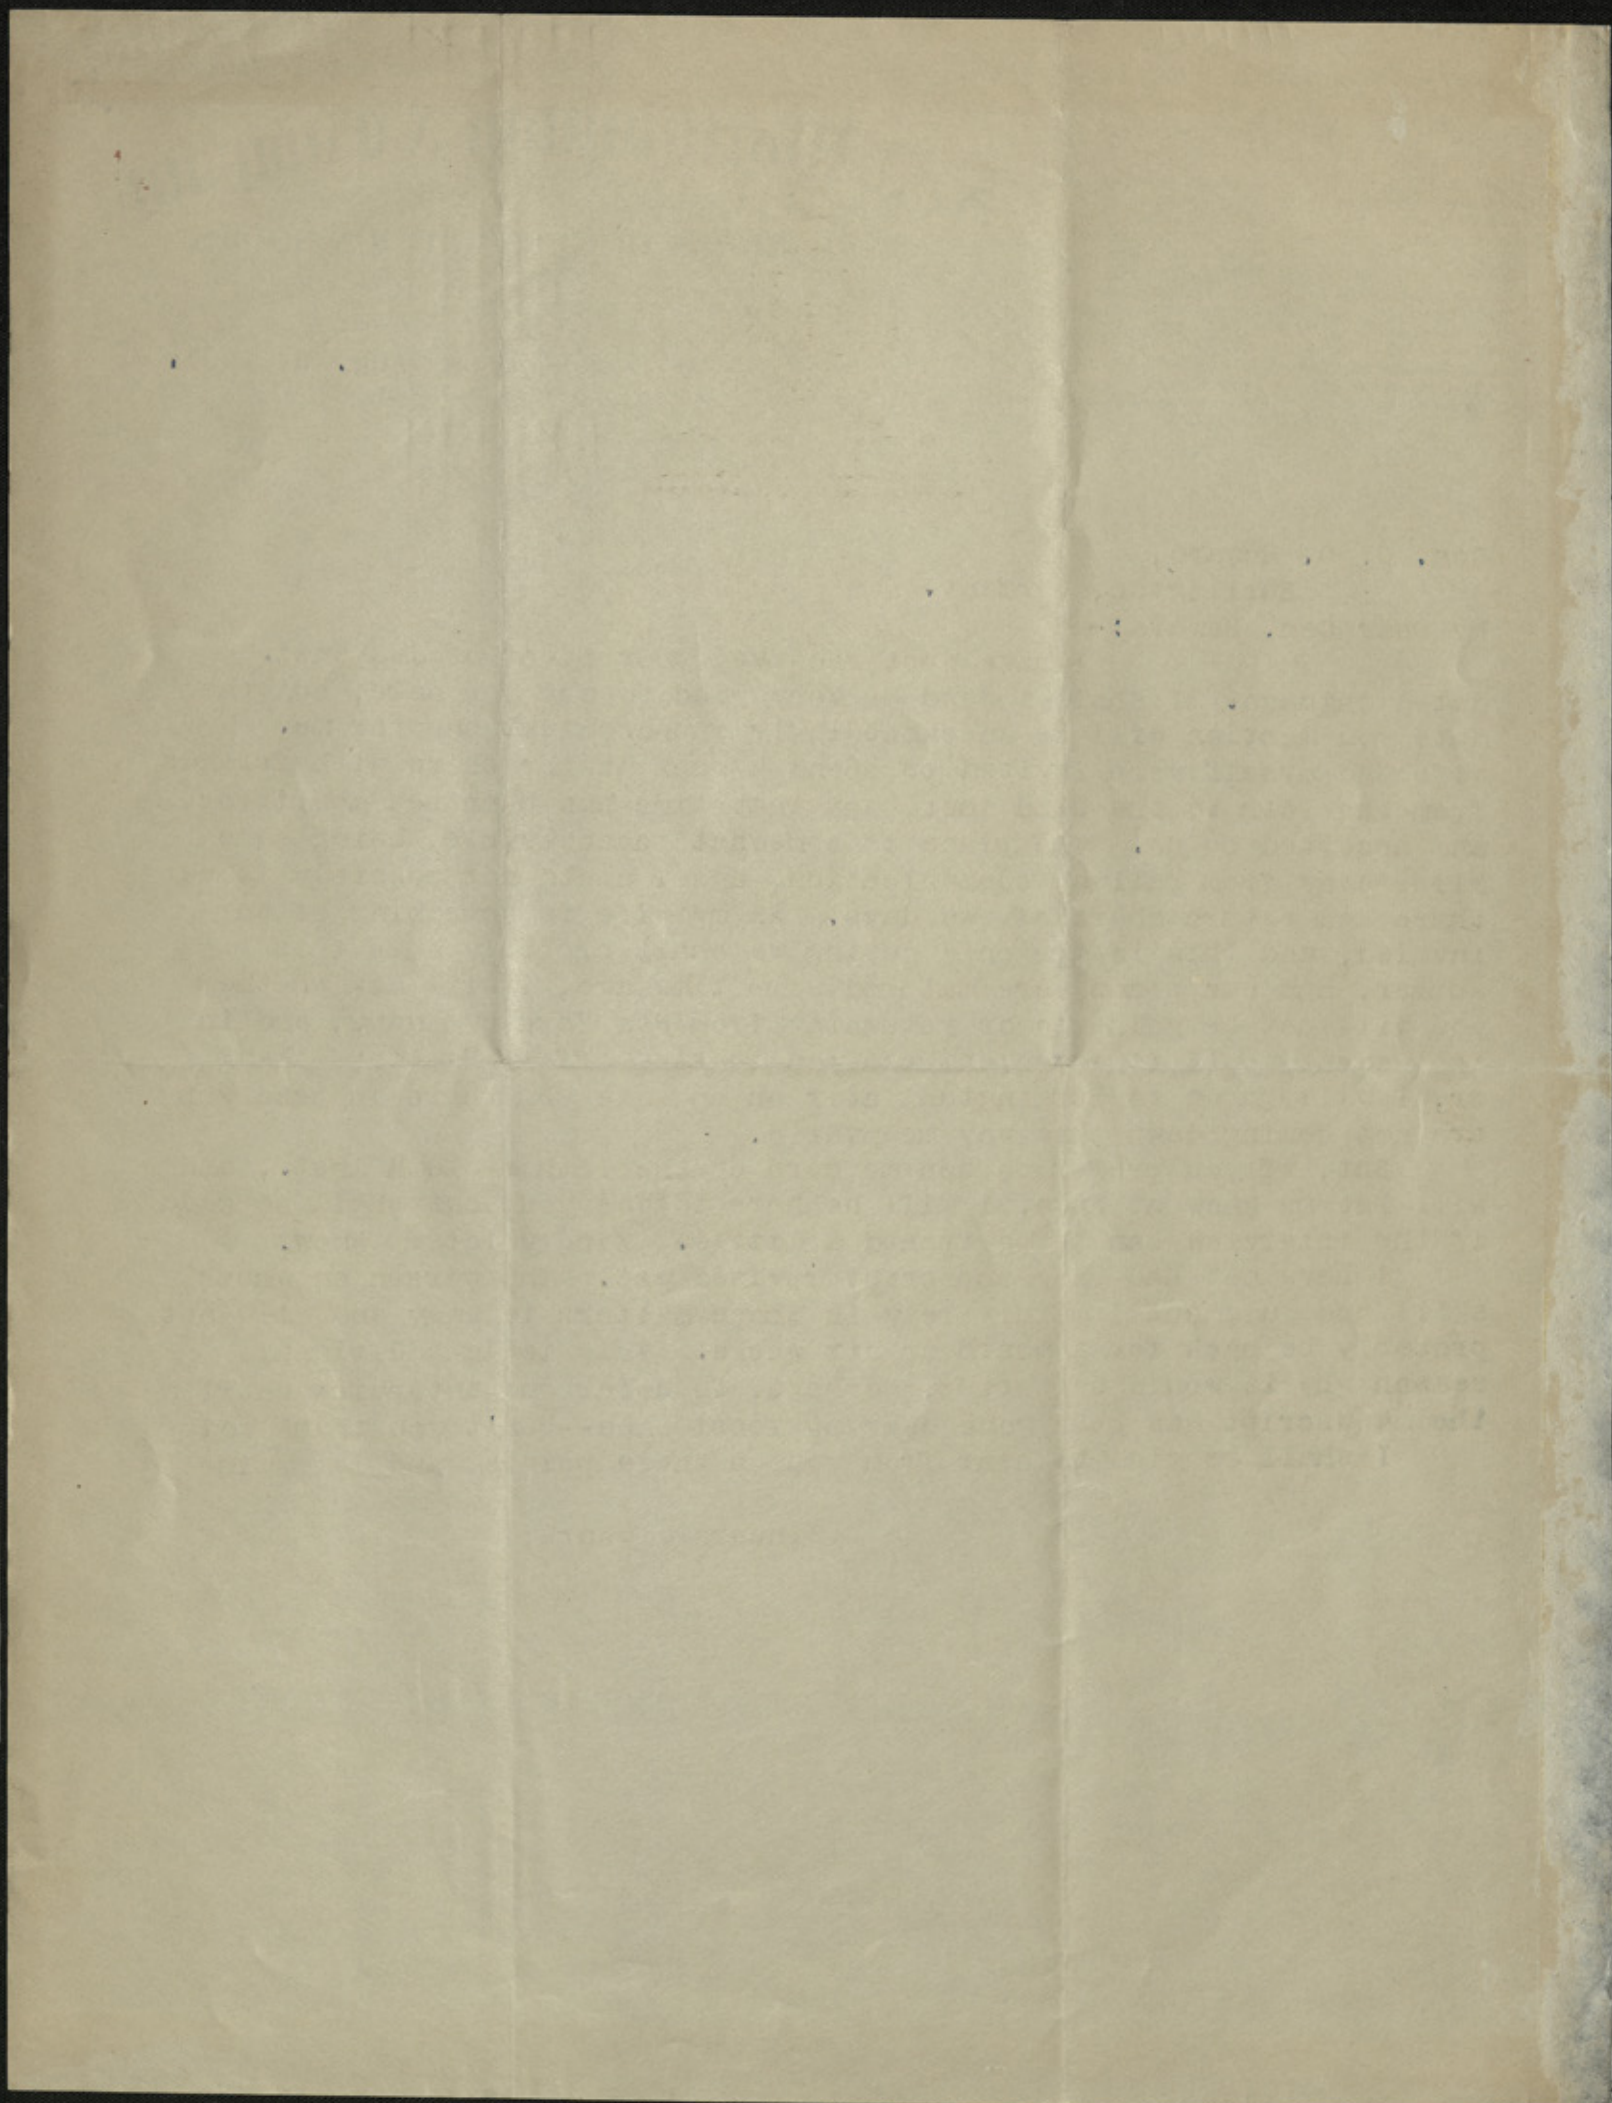

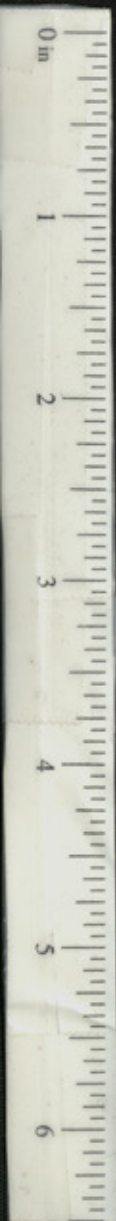

I have not had the manuscript revised yet. The person on whose skill and judgment I mainly rely in these matters is away and will not probably be back for a month or six weeks. This is an additional reason why it would be better, perhaps, to defer our interview until the manuscript has been gone over at least once--Don't you think so?

I shall be glad to hear from you on these points, and I remain

Sincerely yours,

*A. D. Worthington*

August 5<sup>th</sup> 1901

Dear General:- We were driven  
from Washington by the heat. I couldn't  
have lived there another day, nor on the  
train which took me away another hour.  
I have been here three weeks - Mame  
is with me - I was getting rested, when  
I had a severe attack of acute indigestion,  
which nearly finished me ~~and~~ frightened  
Mame very much. I am getting up from  
that, but living on liquid food which Mame  
prepares on a spirit lamp in our room. Not  
much fun to be in a hotel ~~and~~ live this way -  
I am hoping, expecting to be all right in a day  
or two or three ~~and~~ on the 13<sup>th</sup> to go to Fairfield  
Maine to be present at the reunion of the sur-  
vivors of our old Regiment on the 14<sup>th</sup> -

And pass a day or two here, by this delightful  
beach And then go on with us to Fairfield.  
Wouldn't a little trip like this be good for  
Mrs. Howard? I would help her take care of  
you, or help you to care for her if she required  
care. It would give our old veteran com-  
rades a joyful surprise to have you with  
them And I think they have felt that they  
have never met with them. Please arrange  
to come here Friday or Saturday of this week  
And we'll all go on together Tuesday - the re-union  
is Wednesday - I can't change the day before  
I left N. at his desk which is pleasantly  
located. I'll tell you Mrs. H. what I ad-  
vised him, when I see you - I seem to feel  
that you will allow yourself a little vacation  
And come And breathe this delightful sea air.  
If you will send a note that you may come, I'll  
get Miss Abbott to arrange a room for you though  
the house is full of delightful guests, Mame says, I  
have scarcely seen any as yet. With remembrance  
to Mrs. H. And Hamp. Sincerely Yrs. Sarah S. Sampson
