Hoping to hear from you soon with a date,

My Dear General Howard:-

Can you find time in the next seven days or so to write a short article, say about 500 words, on the general topic "Is Cruelty Necessarily Inseparable from Warfare?" I do not expect, unless you so feel inclined, any reference to the present situation in the Philippines, but it seems to me that a general article on the subject I have named, irrespective of any particular war, would be very interesting.

We expect to pay for such an article, of course.

Yours very truly,

Dear father -

A few cases of kindness unavoidable, - or caused by civil
nature; & a few personal incidents of kindness in
your wars might make a good short article

Dear Sir:

Yours of the 19th inst. just to
hand. I have ordered the two books you
request forwarded to the Institution in your
care.

It is well that there are young men
like yourself who have the disposition, in
spite of youth, to give their time to such
excellènt work. If there were not so many
calls upon my time and purse, way beyond the
ability of either to meet, I would be glad
to help you much more.

Yours very truly,

My dear General Howard,

The effects of last year's Council at Silver Bay have already been so marked that the Committee feels amply justified in its repetition, as the enclosed will inform you. I write thus early on behalf of the Committee to express the hope that you will include a ten days' stay at Silver Bay in your summer vacation program. May we not also solicit your aid in ensuring a delegation from your church. Will you kindly inform me as to the result of any steps which you may take in this direction? We have it in our power to make Lake George a permanent center of influence in our home and foreign missionary enterprises, and such help as we ask of you will greatly promote this end.

Yours very sincerely,

Gen O. O. Howard

My Dear General,

At a meeting of the Memorial Committee of the above named association held yesterday evening, I laid before the comrades the fact of having had an interview with you in regard to delivering a short address at our annual memorial services on Friday evening May 23. also the fact that you would incur some expense coming from Cumberland Gap, Tenn, and the sum that would be required to pay your expenses, about \$50.00. and would state the Committee came to the conclusion that in view of the fact that our funds are in a depleted condition, it would be impossible to avail ourselves of your services on the above occasion. The prominent gentlemen who in the past have addressed us at our memorial services gave their services gratis, as every dollar of our funds is used in Charity, in assisting our sick and destitute comrades. Should you see your way clear to enable you to address us on the above occasion under the above circumstances without any expense to the association kindly inform me. the Comrades would be happy to have you address them
