Dear General Howard:-

I am pleased that you can be with us May 25th and we will work our best for a good houseful. At any time before that date which suits your convenience let me know as to when you can come. We would like it very much if you can spend the day down this way coming Saturday, Parsonage is in such a crowded state that I am compelled to deny myself the honor of being host but our loss will be your gain, and we will be pleased to put you where the sheets have been warmed. If you cannot come until Sunday I will be pleased to have one of my young men take a comfortable rig and lively horse after you, but I think you had better spend from Saturday to Monday with us.

Sincerely yours,

Geo. T. Lemmon.

I hope it is not too late for me to redeem my promise to send you a picture of my two girls taken in the mountains last year and I therefore take pleasure in sending you the enclosed.

Cornelia is the oldest and is in the stern of the canoe while Marjorie is in the bow. They have written their names on the back of the picture and wanted me to say to you that they had not and should not forget General Howard and the pleasant trip they took with him up the Hudson River.

I would like to secure for my library, all publications bearing upon the Battle of Chancellorsville, which are considered as giving authentic information, and take the liberty of addressing you to ask for your views in the matter of which publications you consider the most reliable, being prompted to do so by the fact that my Father, now deceased, served as a non-commissioned officer in the Old 11th Corps (1st Brigade, 1st Division), and was with you at the Battle of Chancellorsville, where he was captured and for a time confined in Libby Prison.

Thanking you in advance for the favor of a reply, I am

My dear General -

I duly received your letter in regard to my son's appointment to the Military Academy - I fully appreciate your reasons for not giving me a letter - and very much appreciate your kindly expressions of regard for myself, and my father and family - and I take this occasion to mention to you, that your life as I have come in touch with it in the past, in my earlier life in Washington has followed me all these years since, as a strong influence for good - When a youth I of course looked very critically upon professed Christians, and your consistent life and consecrated service did much in moulding my life for good, and I am truly grateful for having been associated with you in Christian work.

With great respect, Very sincerely yours

Dear brother:-

I have ~~a~~ ^{the} document from Asst. Sec. F. L. Campbell (Interior Department), acknowledging receipt of your letter, asking for an appeal on the case of Mrs. Wilson. I see that ~~it~~ has been referred to the Bureau of Pensions. So I think that this is going through the same routine as before. However, we will await ^a ~~your~~ report. It is possible that ~~a~~ ^{the} new commissioner may take a different action in view of six or seven new affidavits, two from doctors who have not before testified.

Enclosed, please see another letter relating to Charley Waters.

Personal

Dear brother:-

You wrote that you had forwarded all the papers in the Waters case. I would like to know,

1. To whom you forwarded them.
2. What date.

I suppose you probably forwarded the papers to the Quarter-master-General. If so,

3. Did you write a letter?

My suggestion was that the first time you were in Washington, you should take the matter up personally; but, of course, you can follow it up afterwards whenever you may be there.

I find by referring to my records that I have a ^{typed} written copy of a ~~the~~ letter from the Quartermaster-General's office, dated July 16, 1897, in which the amount shown to be due Waters is clearly stated, --- \$38.94. Said letter, addressed to the Sec. of War, and signed by James Gilliss, Acting Quartermaster-General. I will enclose that copy *herewith*.

I see by an endorsement on another paper that on September 18, 1899, I sent to you a letter enclosing the original paper from the Quarter-master-General, and a letter or application from Waters, himself,, and an affidavit signed by me, establishing his identity, the date of which was November 1, 1897.

I do not know precisely what you did with that original paper from the Quartermaster-General's office, nor what you did with the application of Charles Waters. Of course, what I want is to take up the case in the most efficient way. Butterfield has evidently "fallen down" on it, as the saying is.

I have written him asking him to see the secretary, and explain to him personally that we have seven new affidavits bearing on the case.

I wrote you April 30 in regard to the Waters case. Doubtless Harry will forward it to you. It would be much more effective if you could some time call in person upon the proper official; but please bear in mind that Butterfield has given up the matter, as there was no money in it for him. The auditor, whom you and Butterfield once saw, is dead. If you could get hold of the original paper which you obtained from the Quartermaster-General's office, and then follow it up from that, it would seem to be the proper course. I sent you April 30, a copy of that paper. Also a copy of the original ex application of Waters. This, with a new certificate from Capt. I. P. Rumsey ought to carry the thing through.

I trust that you are making good progress. Please give my love to James and his family. They will be glad to have a little visit from you, I am sure.

Affectionately yours,

C.H. Howard, per

Gen. Howard had to leave the office earlier than usual today, and so I am signing the letters, as he said that would be all right. He knows that you will excuse him for not signing this himself.

C.H. Howard, per JMF.

I have written him asking him to see the secretary, and explain to him personally that we have never had affidavits taken on the case. I wrote you April 30 in regard to the letter case. Doubtless Harry will forward it to you. It would be very nice if you could some time call in person with the proper officials; but please bear in mind that Butterfield has given up the matter, as there was no money in it for him. I trust that you are doing good progress. Please give my love to the old man and his family. I hope to see you in a few days. From you, I am sure.
