## The American Flag Association

This Association is composed of individual members and also the members of Flag Committees of all patriotic societies united for the purpose of fostering public sentiment in favor of honoring the Flag of our Country and preserving it from desecration. It aims to co-ordinate the efforts of all Flag Committees in the common cause. All patriotic societies not now represented in this organization are invited to appoint Flag Committees of thirteen members each and accredit them to the Association.

Gen. O. O. Howard,

My dear Sir:-

Your favor of  
June 12, was received yesterday  
afternoon. Your account of Porter  
is splendid, - better even than I  
expected, though I expected something  
good from you. It would be  
excellent & most creditable to publish  
even if it were anonymous, & the  
added sanction of your name en-  
hanced its value. My application  
to Porter's former pupils is already  
a great success, though I had some  
apprehension about it at the start.  
Not that I had the slightest doubt of their  
opinion, but I feared that from the lapse  
of time there might be little that was re-  
membered, to tell, - so little that many

would think it was not worth the while trying to tell it. But I am astonished at the number & vividness of the recollections, many giving different details, (not contradictory, I mean, simply varying in the items), & all agreeing that Porter was a model soldier & in store. Porter's friends are innumerable. If there are any good officers of the old army who are not his friends, I believe it is only because they have not taken the pains or had the opportunity to examine the evidence in his case.

Such was Gen. Terry originally, & when I expressed uncertainty about your opinion, I thought that possibly your situation might be similar to his. Of course if I had consulted any of Gen. Porter's family, before writing you I should have learned the facts, but we live in different places, & I do not see them as often as I should like to.

The last paragraph of your letter

about your attitude in respect to the "Case", gives me some doubt, as to whether you would wish it published, or whether it was not written for my personal information. I should like to publish it if you are willing, but I do not want to be a Kennedy, & make public what was intended solely for private perusal. Porter has doubtless told you how all his trouble came from a Confidential letter written to Kennedy in Washington, which Kennedy showed inside of 24 hours, where it would do the most harm.

I thank you with all my heart for your very kind response to my request, which gave me your admirable letter.

I note the inclosure that you sent. I know that if you are engaged in the work, it is designed for the good of humanity & I therefore inclose \$10.00 which is only a mite, but you implied

General O.O. Howard,

My Dear Sir:-

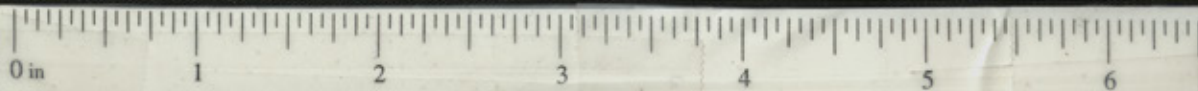

In view of the present agitation for more "liberal" Sunday laws in New York city and elsewhere, and of the increase in certain forms of Sabbath desecration, it seems to us that renewed emphasis should be laid just now upon Sunday as a day of rest and upon the special danger to the working classes arising from the so-called "continental" Sunday, in the removal of the wholesome laws and restrictions that now guarantee to them at least one day in seven freed from the demands of labor. We believe that the prevailing sentiment of the American people is strongly in favor of Sabbath observance, to a right and reasonable degree; not a "continental" Sunday, but an American Sabbath as it has been observed in days past, a time for rest and religious worship, for the enjoyment of home and family life; not as a day of repression and gloom, but a day of peace, quiet and wholesome enjoyment for soul and body.

If you favor the general view thus expressed, we shall esteem it a favor if you will express yourself to that effect in two or three hundred words with special reference to the present demand in New York and elsewhere for Sunday saloons.

Very truly yours,

*John A. Sleicher.*

Mr. H. S. Howard,  
Burlington, Vt.

Dear Sir:-

I regret the delay in acknowledging your favor of June 1st. The receipt was immediately returned and the answer to the letter has been delayed by unusual pressure of business in this office.

I hoped that my last letter would give you such full information with reference to General Howard's policy that you would be able to understand fully the system of insurance, its limitations as well as its advantages. It is clear, however, from your letter that I failed in this purpose.

When you suggest that we offer either paid up insurance or pay him back the money which he has paid upon his insurance and let us keep "the interest earned" you show an utter misapprehension of the policy and the system under which he is insured. Let me say once more that General Howard's insurance has been carried at exact cost as determined by the mortality, and that this cost has kept pace almost exactly with the mortality tables, the only excess which he has paid beyond the tabular cost from year to year being occasioned by the peculiar system of this Company which carries all the insured beyond 65 for the cost at age 65, this deficit therefore being added to the cost of the younger members.

C

BARTON, IOWA, JULY 11, 1942.

Mr. H. S. Howard,  
Burlington, Vt.

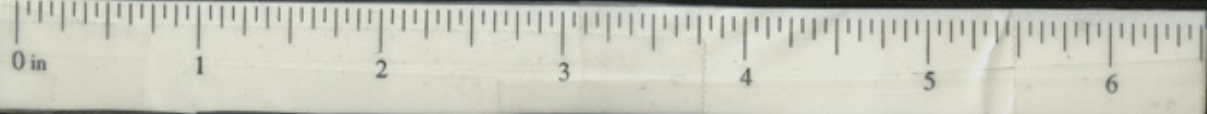

Dear Sir:-

I regret the delay in acknowledging the letter of June 1st. The receipt was immediately forwarded and the answer to the letter has been prepared by Bureau personnel of Bureau in this office.

I am sorry that my last letter, dated June 1st, did not contain the information requested by General Howard's letter. I am sorry that I was unable to understand fully the nature of the question, but I believe we will be able to answer it in a more complete manner. I am sorry that I failed to state this purpose.

When you suggest that we offer a letter to the Bureau or pay the book the money which he has paid for the information and let him keep "the document earned" you show an understanding of the policy of the Bureau under which it is operated. Let me say once more that General Howard's statement has been carried at least once as determined by the Bureau, and the fact that he kept, as almost exactly with the results of the only excess which he has paid beyond the technical cost of the year to year being occasioned by the general system of this Bureau which carries all the burden beyond the cost of the year, that is, the letter being added to the cost of the year.

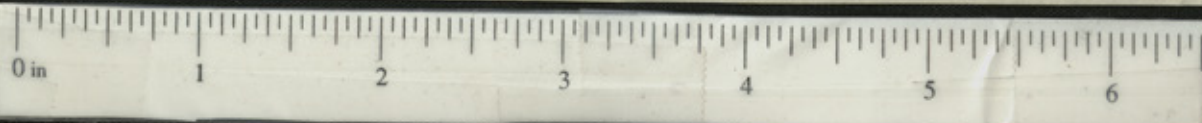

Sincerely,  
Special Agent

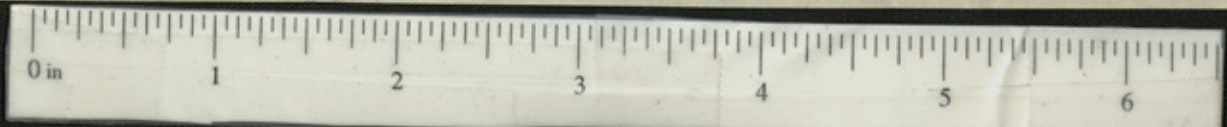

Now then, realizing fully that the money paid has been immediately distributed in the payment of losses, you will see how utterly impossible it is for us to pay anything back whatsoever, and since there has been no accumulation, the money being distributed as soon as received and indeed in many cases in advance of the actual receipt, there can of course have been no interest earned. There can be no guarantee under any system of insurance that the insured will not pay more than the face of the policy. This depends wholly upon the life of the individual. If he exceeds the expectancy at his age according to the tables, he will unquestionably pay an excessive amount for his insurance. The only purpose of life insurance is to provide for the contingency which cuts the life off, short of the expectancy. In the case of very many of our members the insurance has been carried beyond the actual expectancy of life and so has fulfilled its mission and is now being carried by some member of the family really as a speculation and not as a protection to dependents upon the insured.

In illustration of the effect of stopping the rate at age 65 I beg to say that the oldest living member in the Safety Fund Department is now 89. His cost according to the American Experience Table is \$385.96 per thousand per annum. He is paying us, however, only \$64.00 a thousand. In other words, he is paying no more than the member at 65. In General Howard's case he was

His cost according to the American Republics Table is \$188.00 per thousand per annum. He is paying up, however, only \$55.00 a thousand. In other words, he is paying no more than the number at 55. In General Howard's case he was

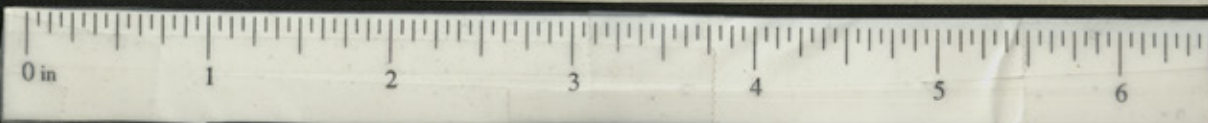

insured in December, 1880, at age 50, his expectancy of life being at that time 20  $\frac{2}{10}$  years. Almost 22 years have elapsed since the issue of the policy and he is now 72 years old nearest birthday. The bare cost of mortality at this age is \$75.80 per thousand per annum, whereas he is paying us less than \$64.00. If the same amount of insurance had been taken on the non-participating legal reserve plan he would have paid to date at least 50% more than he has paid us, which with interest would now amount to many thousands of dollars.

My Dear Sir:-

We are making up the schedule of speakers for our men's meetings for the season 1902-03. Last year was our most successful season in point of attendance, interest and results, and we are planning for even larger things this coming season. We are very desirous that you shall be one of our speakers during the coming season. We are perfectly willing to pay expenses and any other reasonable charge for services. We trust that you may be able to accede to our wish, and that we may hear from you very shortly with an affirmative reply.

Yours very sincerely,

H. B. BERRY

 Dear Leonard,  
 I was very  
 glad to hear from you,  
 and was very  
 enjoying the comfort  
 of your home. I had  
 been wondering when  
 you were. You will no  
 doubt be surprised to  
 hear we are still in  
 40 Livingston St. We have  
 been detained here by the  
 sickness of my old Mary,  
 the cook. She was taken  
 suddenly ill more than a

would say, & I could not  
think of leaving here till  
she has herself again, she  
is slowly gaining, & the Dr  
thinks in the course of a  
few days we shall be  
able to go to our country  
home. The weather has  
been so cool & comfortable  
I have not <sup>been</sup> in any haste  
to leave. was very thankful  
I was at home to care  
for Mary, she has been a  
faithful servant to us  
in all our troubles, & sickness.  
It was a great pleasure to  
return her kindness & attention.  
I hope we shall be able to

leave next week. our house  
is all ready for us, & friends  
anxiously waiting to receive  
us. We can have in a  
pouring rain the day, a  
good time to pack, & get  
ready for a start, our  
friends & neighbors are  
all leaving for some  
country home, & it seems  
very quiet, & lonely.

General Oliver O. Howard,  
Burlington, - Vermont.

My dear General :-

Permit me to write you in regard to my friend John N. McClintock of the class of 1867, Bowdoin College, a somewhat eminent class, and he has been quite eminent in his profession as an expert civil engineer and mathematician, and has devoted late years to the matter of the disposal of the public sewerage, he being President and Manager of the American Sewage Disposal Company of Boston, and he possesses several patents taken out for the disposal of sewage which is so thorough that even the water from the sewage is rendered perfectly pure and even drinkable.

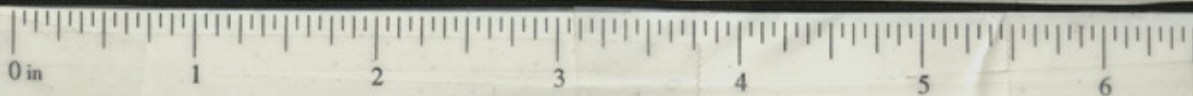

I want to recommend him to the consideration of his Alma Mater for a degree of "Ph.D" or Doctor of Science, he having devoted his time for thirty odd years successfully to scientific studies. I might, if desired, give more in detail the life of John N. McClintock but I think there are members of the committee who have the decision of the matter of this degree, who know Mr. McClintock personally.

I wish that you would consider the matter, and on further inquiry I have no doubt that you will find it will be a deserving honor for the College to give him this degree.

I hope to meet you again some time when you are in this city, and shall be pleased to see you if you will let me know where I can call upon you. I am

Dear Sir:

Gen Howard's subject will be the "American Volunteer" and he will speak on Grand Army day. Our programmes, which will give full information, will be out in a few days, and we will send him one, but a large number of his hearers will be ex-confederates, and I think it well for him to know his subject at this early day.

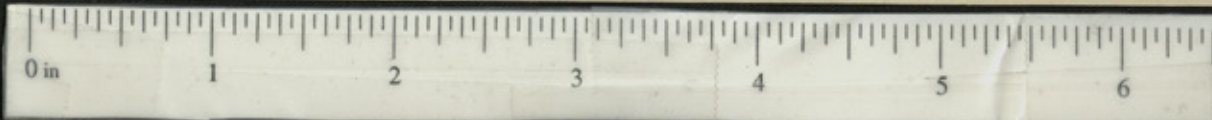

Yours truly,
