Dear General Howard

We were very glad of a brief visit
with Jennie a few days ago
and write now to ask if
you can't come and lunch
or dine with us some day
when you are in New York
We expect to remain at least
till the last of March
before breaking up for
Custitor.

I have just finished reading
your book - and found it
very interesting - especially the
report of your work for the
Emancipated Colored men

I tell my wife I
can't recall any man in

any age who has had your
opportunity to benefit and
comfort so many people
and that opportunity you
have so faithfully and
successfully employed.

I was in Washington
when Congress so handsomely
voted your new decoration
and the thanks of the
American people

I feel the action
was richly merited.

With kind regards
to yourself and family

Yours truly

My Dear General-

First Let me say
How glad I am that you are
to be promoted only because you
deserve it and secondly to
say that could I have had
a week in Burlington before
the election she would be dry
instead of wet - But unless a
man has a pull or a
sensational reputation the
people who call themselves the
good people have no use for
him - a year ago the Y.M.C.A.
of Brockton engaged me for
5 speeches they said that
they had only 13 majority
before & the Saloon Element
had gained strength and

Dear General Howard:-

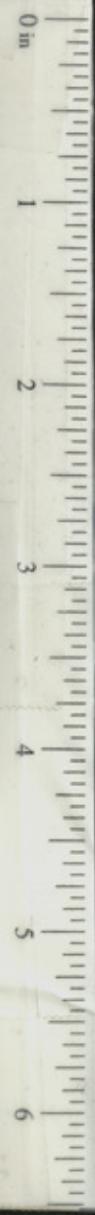

Your letter of the 18th instant is received. On January 7th last I sent Mr. E. P. Fairchild \$100 for Lincoln Memorial University. I note all that you say as to the needs of that institution and wish that I could extend additional financial assistance but I cannot conveniently do so at this time.

Dear General Howard:-

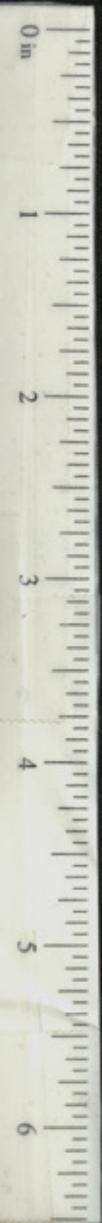

I have yours of the 23rd instant and in reply I regret to say that just now it will be impossible for me to respond to your request for assistance for the Lincoln Memorial University. I have had several thousand dollars security debt to pay recently, the panic has hurt me no little in my business interests and besides this, I have a very hard campaign on at home with a bolting candidate against me and the fight promises to last until November.

I regret more than I can write that circumstances make it impossible for me to contribute for I know Dr. Stooksbury well and have a knowledge of the very excellent work you are doing for the mountain boys and girls. If matters get easier later on, I shall be glad to respond.

With high personal regards, I am,

Dear Harry:-

Yours of the 28th and of the 30th ult., and your telegram of May 2nd bringing the glorious news of Carnegie's last gift, all came Saturday.

I was sorry for Acorn's letter, Chamberlain is here, and has the proxy of Mr. Herbert of Chicago. The Board may not need him and it may not be lawful for him to use it. He seems to be very popular with the president, the people and with the Board, except with two, so that Mr. Acorn, who became offended with him some time ago is mistaken. But I do not wish to speak of the matter nor blow any coals into a flame. Dr. Stooksbury has done magnificently. He and Mrs. S--- regret your not being here. Our concert Saturday night was beautiful. Regret your not being here with your wife. Lots of people expressed this feeling. Mrs. S--- says, that Sue was a royal woman and that she declared that Mrs. O.O.H. was abreast of her husband in ability to accomplish important things. I enjoyed the praise which came second handed all right. The baccalaureate, yesterday morning was in our new auditorium, holding 600. The building was a success, and the sermon suited everybody, being well composed and evincing magnificent progress for our Lord's cause as well as for our Country. At night he addressed the Christian Associations on the subject that I wanted to hear, namely, 'How to restore those who have erred.' I liked the evening address, so well delivered, and so complete rather better than I did that of the morning, but both were exceedingly good.

Mr. James is back from Europe and here, and I am anticipating a successful meeting. Give choice love to mamma, Sue and Olga.

Affectionately, your father,

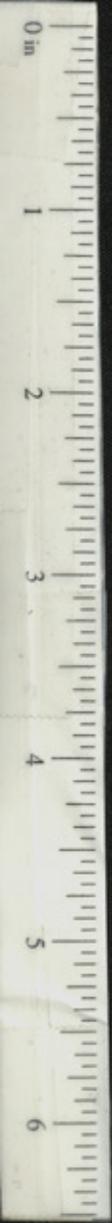

O. O. Howard

P.S.

I have written Mr. Pringle, Pastor of the Baptist Church at Kingston, to arrange with the committee with reference to an evening service which I will undertake, provided I can plead for the youth of the mountains, and I have requested him to let us know at Burlington, so that I can prepare.

Dear ~~HENRY~~:-

We had a very successful meeting of our Board, and matters have shaped themselves well for the future. Prof. Stevens, who was with us two years will return and take our Normal Department. With him and Dean Moore Dr. Stooksbury can get away very early in the Fall. I am dreadfully sorry about the horses. Spavins are bad things. I did not think that was what was the matter with 'Lady', but I think that the horses can be put in fairly good condition before any sale. Perhaps 'Lady' can be replaced by an exchange. As to ^{at} the lecture ^{at} Vergenes I will back you up on any promise you make. I go from here tomorrow morning as commencement will close To-day. Dr. Stooksbury will go with me a short journey through the mountains. We reach Knoxville and look into our work there on Friday, and I shall keep on some time Saturday toward the East. I put in some programs for Sue to glance over and for mamma if she likes to do so. With love to mamma, Sue, and Olga, and greetings to Mary and Josephine, I am

Affectionately your father,

O. O. Howard

Your letter are cheering!!! + relieve my anxiety.

P.S. Mr Chamberlain had a proxy and was kindly received by all the Board and all the people ⁿ round about, including our friend Fairchild. I am glad he came for he has been of special aid in laying out our work for the future. We put in two new members, one was Mr. Camp of Knoxville and the other was Rev. Dr. Pratt of Cincinnati (Congregational clergyman).

We had a very successful meeting of our board, and matters have

years will return and I trust our board's management. With him and I am hoping
Mr. Stodshury can get away very early in the fall. I do not think that was the
about the horses. I have not had time. I did not think that was the
matter with 'Baby', but I think that the horses can be kept in good condi-

tion before any time. 'Baby' can be replaced by an exchange. I do not
the lecture for ever. I did not go on my previous work. I do not
have territory wanting an arrangement with these people. Mr. Stodshury will
go with us a short way through the mountains. He will be a good horse and look

face out with care on night, and I shall keep on some of the things toward
the land. I put in some provisions for me to keep over for some time
like to do so. I'll love to make, see, and give, and promises for my and
