## TO ASCERTAIN THE LENGTH OF THE DAY AND NIGHT.

At any time of the year add 12 hours to the time of the sun's setting, and from the sum subtract the time of rising for the length of the day. Subtract the time of setting from 12 hours, and to the remainder add the time of rising next morning for the length of the night. These rules are equally true for apparent time.

# VALUES IN UNITED STATES MONEY OF THE

## PURE GOLD OR SILVER,

REPRESENTING RESPECTIVELY THE MONETARY UNITS  
AND STANDARD COINS OF FOREIGN COUNTRIES.

The first section of the Act of March 3, 1873, provides "that the value of foreign coin, as expressed in the money of account of the United States, shall be that of the pure metal of such coin of standard value," and that "the values of the standard coins in circulation of the various nations of the world shall be estimated annually by the Director of the Mint, and be proclaimed on the first day of January by the Secretary of the Treasury."

The estimates of values contained in the following table are those made by the Director of the Mint, Jan. 1st, 1881.

\* Liable to arrest for misdemeanor. † Also punishable as a misdemeanor.  
Banks forfeit interest only, or double the interest if charged in advance.  
‡ Also 6 per cent. on judgments.

If the time of payment of a note is not inserted, it is held payable on demand.

## BUSINESS LAW IN DAILY USE.

The time of payment of a note must not depend upon a contingency. The promise must be absolute.

A bill may be written upon any paper, or substitute for it, either with ink or pencil.

The payee should be distinctly named in the note, unless it is payable to bearer.

An indorsee has a right of action against all whose names were on the bill when he received it.

If the letter containing a protest of non-payment be put into the post office, any miscarriage does not affect the party giving notice.

Notice of protest may be sent either to the place of business or of residence of the party notified.

The holder of a note may give notice of protest either to all the previous indorsers or only to one of them; in case of the latter he must select the last indorser, and the last must give notice to the last before him, and so on. Each indorser must send notice the same day or the day following. Neither Sunday or legal holiday is to be counted in reckoning the time in which notice is to be given.

The loss of a bill or note is not sufficient excuse for not giving notice of protest.

If two or more persons as partners are jointly liable on a note or bill, due notice to one of them is sufficient.

If a note or bill is transferred as security, or even as payment of a pre-existing debt, the debt revives if the bill or note be dishonored.

An indorsement may be written on the face or back.

An indorser may prevent his own liability to be sued by writing "without recourse," or similar words.

All claims which do not rest upon a seal or judgment must be sued within six years from the time when they arise.

Part payment of a debt which has passed the time of statutory limitation revives the whole debt, and the claim holds good for another period of six years from the date of such partial payment.

A verbal promise to pay, made without conditions, is generally held as sufficient to revive a claim otherwise shut out by the law of limitation.

If, when a debt is due, the debtor is out of the State, the "six years," do not begin to run until he returns. If he afterward leave the State, the time forward counts the same as if he remained in the State.

An oral agreement must be proved by evidence. A written agreement proves itself. The law prefers written to oral evidence because of its precision.

No evidence may be introduced to contradict or vary a written contract; but it may be received in order to explain it, when such contract is in need of explanation.

## SHORT METHOD FOR CALCULATING INTEREST.

Multiply the principal by as many hundreds as there are days, and

For 4 per cent	.....	Divide by 90

EXAMPLE—INTEREST on \$50 for 30 days at 4 %.  
 $50 \times .30 = 15.00$ , which divided by  $90 = 16\frac{2}{3}$  cents—the required result.

THE UNWELCOME GUEST.

When Grief shall come to thee,  
Think not to flee,  
For Grief, with steady pace,  
Will win the race;  
Nor crowd her forth with Mirth,  
For at thy hearth,  
When Mirth is tired and gone,  
Will Grief sit on;  
But make of her thy friend,  
And in the end  
Her counsels will grow sweet,  
And, with swift feet,  
Three lovelier than she  
Will come to thee -  
Calm Patience, Courage strong,  
And Hope - ere long.
