Honors Thesis Binding Information for Personal Copies

There are two options for binding your thesis.

1. Bowdoin College bindery

A binding order form will be available at the time of thesis submission. On this form you will supply contact information, and be able to choose your binding case color, and color of the lettering on the spine. Please bring the copies that you wish to have bound, and the payment, check (made payable to Bowdoin College Library) or cash. It generally takes a couple of months for the theses to be bound.

Bowdoin Binding Prices

Binding:

$25.00 per copy

Shipping (Domestic) & Handling:

$7 for copies totaling up to 90 pgs.

$13.00 for copies totaling 91-200 pgs.

(For total pages exceeding 200 pgs., or paper larger than letter size, please contact Karen Jung for pricing)

After the submission deadline, you may submit the copies you wish to have bound and the payment to the Administration Office in the HL Library, or to Karen Jung, the library honors thesis coordinator, HL 111C, during regular business hours, 8:30-5:00, Monday through Friday.

Academic Departments should submit department copies directly to Carol Durak in Technical Services, x3994. Department binding forms are available from Karen Jung or Helen Hill.

2. A self-service option is available at: https://www.thesisondemand.com/

The binding costs are slightly higher than the Bowdoin bindery, but there are more lettering options, digital submissions and credit cards are accepted, and the turn-around time is advertised as 2 weeks. This bindery is not associated with Bowdoin and any questions or issues with the bindery should be directed to “Thesis on Demand.”
